

FROM THE PRESIDENT

Where is the race course?! That is the question I have had in the back of my mind the past two weeks. With the Missouri weather in the 60 degree range it sure makes me want to get out there and go fast! I know you people in the South and Southeast (Florida, etc.) are probably chuckling as you read this but what the heck. (Right Beth?)

Well, GM made it official in *Corvette News*. We will be raffling off the first 1984 Production Corvette. It overwhelms me to think that we are able to secure this car for our efforts to help conquer Spina Bifida. I think NCCC has many people's attention and we are feeling the results of our efforts. Be sure and buy at least one ticket. Hmmmm...1984 Corvette for only \$5.00 and what you and the IRS agree is a fair taxable amount. My banker says he would be happy to loan me say \$6,000 on a 1984 Corvette.

I received an invitation from the Western Council of Corvette Clubs to attend the convention at Lake Tahoe. If there is anyone interested in going, write Jack Bell, 3801 Lyon Lane, Carson City, Nev. 89701. Most of us will be enjoying the sites at Indianapolis the same time in July.

Special congratulations to the Chicago Corvette Club and its many members. This club celebrates its 25th anniversary this year. The Chicago Corvette Club has a great heritage and can be proud that it helped to found the National Council and inspired our symbol — the early model steering wheel.

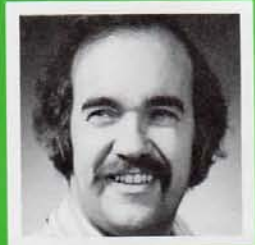

In Jan./Feb. Blue Bars Jay Lamka made reference to the National Club champions and our handling of proper recognition, etc. It is most important that our organization recognize various groups around the country as this is

where the enthusiasm for our programs comes from. I truly believe that our organization must establish awards that turn into goals of clubs and individuals. Talk to your Governor so we can work on this very important issue.

The May meeting is one many of you may want to attend. We will be touring the Bowling Green assembly plant on Friday of the Governors Weekend. Busses are going to be available from Louisville for those who want to go as a group. Please help us coordinate this by contacting your governor who should in turn contact Nancy Bailey, our secretary.

Time to dust off the car. See you in Louisville, or Bowling Green, or Indy or

Bob Wollenman
