MORE VICTORIES. MORE BURNOUTS. EVERYTHING WE'VE LEARNED MAKING TIRES CHOSEN BY NASCAR® INSPIRES WHAT WE ROLL INTO YOURS.

# From the President

The summer of 2012 seems to have been one of the warmest and driest in a very long time. Except if you are driving one of the dinosaur big block cars, in which case it is like driving a furnace. It still is fun to get to the watering hole and have a cool down lap. Look at it this way: not much rain and very few bugs.

It was also very warm in Topeka. I saw 111 on the thermometer. Warm or not it was a very good time. Thanks to Larry, Linda, and the West Region for making it special. Every year we seem to raise the bar. The 2013 convention was right on the spot with apparel and a bunch of good will for next year's trip to Bowling Green. We all know what

goes on there so you may as well start getting ready. You know you won't want to miss out.

National Council was recently honored by the Bloomington Gold organization by being recognized as one of the fifty most important people or organizations in the Corvette hobby. I was fortunate to have been there to accept the award. A very nice certificate and a gold medallion were awarded. The award will be given to one organization per year for only five years. We should be very proud of this honor as it proves, once again, that we are about the people. Well done NCCC.

Nominations are open for elected officers. If you would like to participate in a leadership role at the National level, now is the time. The nomination forms are available on the NCCC website. Please take a careful look at this opportunity. It can be a very special part of your involvement.

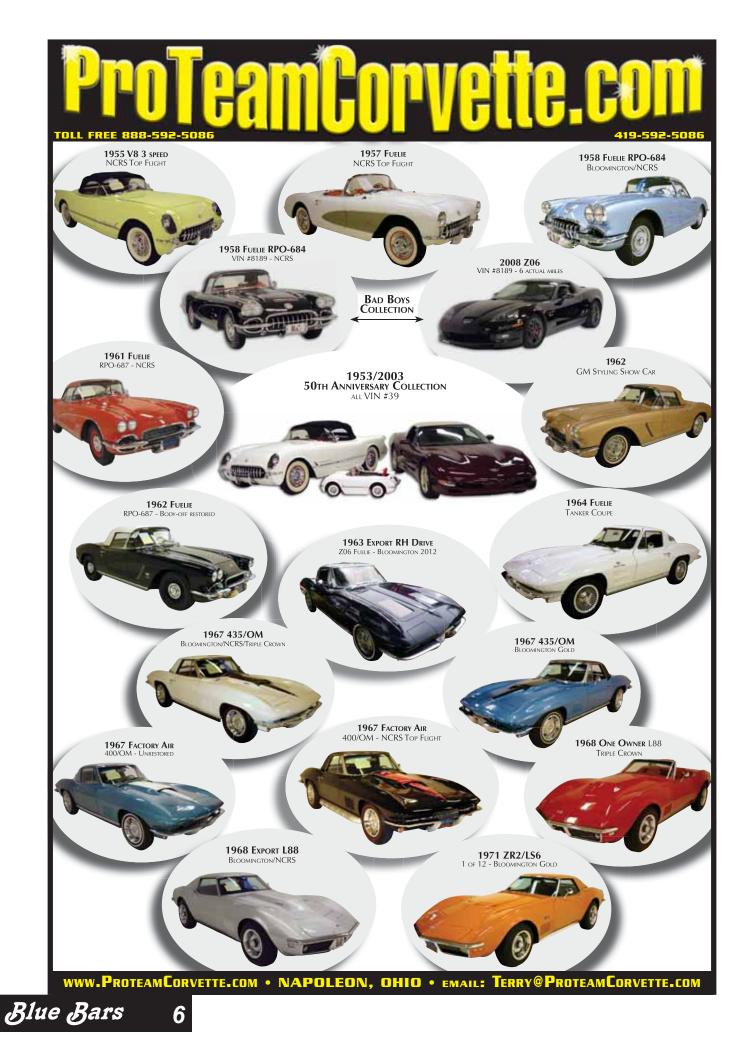

As is the case every year, all of the appointed offices are available. These are very rewarding positions. Be a part of your organization. Volunteer to make our society even better.

Fall is just about the best for cruising. The color tours and cooler weather are very inviting. By now all the cars are ready for the road. Get yours out. Or, go buy a new one! It never hurts to dream.

We live in a great country. Enjoy it in your Corvette. I hope to see you somewhere.

Hal at the National level

## Crossing Yosemite -A Winter Experience

Yosemite National Park is in our backyard and we sometimes take it for granted, but the winter of 2012 has made one more thing about it exceptional. Tioga Road, California Highway 120, is open. This unique highway that crosses the park from east to west usually closes in October or November and reopens sometimes as late as July. Snow depths at the 8000-9000 foot level can be as great as 10-15 feet and it's impractical to keep the road open. Originally, a Native American trail, the road became a pathway for miners and travelers to California's Central Valley in the 1880's as "The Great Sierra Wagon Road" and was finally completely paved in 1961.

You may know that the only all-weather Sierra route, Interstate 80, is kept open by round-the-clock rotary plows that sometimes cannot keep up. And you may remember the story of the passenger train that was snowed in for a week, back in the fifties, or the more horrendous Donner party experience.

Well, the "La Nina" winter of 2011-12 will be remembered for the lack of rain and snow, great for tourists and Corvette touring; not so great for California agriculture or drinking water. The lack of snow at higher elevations has kept

the above-mentioned Tioga Road open for the longest time in recent history; previously the latest closing date was in early December, 25 years ago.

Early on New Year's Day, 2012, my wife Jane and I embarked on a road trip attempting to be the first Corvette crossing Yosemite. A brief few miles from our house in Oakhurst, CA, we stopped at the park gate; temperature about 25 degrees at the 5000 foot elevation. The ranger had not seen a Corvette recently. Up and over a few ridges and down into the North Fork of the Merced River Valley, passing the iconic 19<sup>th</sup> century Wawona Hotel, a few more high points (about 6000 foot elevation) and down into Yosemite Valley.

The view as one rounds a corner, suddenly seeing El Capitan, Half Dome and all the Yosemite landmarks, is always breathtaking. Instead

of visiting all the valley attractions, we continued northwest, reaching the Tioga Road / Highway 120 junction at Crane Flat and heading east. The signs say "next gas – 39 miles."

Tioga Road

continues to climb, a popular viewing spot, Olmstead Point, at about 8000 feet, gives a view of Half Dome looking toward the west. Now the day is warming nicely, temperatures already into the 40's up here. Approaching

Tenaya Lake, it appears to be completely frozen, a site never before seen, except by cross-country skiers or snowshoers. Nighttime temperatures here are in the single digits, not surprising that it's frozen.

And just ahead is Tuolomne Meadows.

In the spring, sightings of bear, elk and bighorn sheep are common. Now it's frozen tundra with all the animals hibernating. A few miles father, we climb toward the east gate of the park at Tioga Pass, 9945 foot elevation; checking in with the ranger there. No Corvettes seen previously here either.

Another welldocumented drive, the site of numerous car and truck commercials, the 12-mile ride down Lee Vining Canyon to the small town of Lee Vining, located on Highway 395 in eastern California, gets your attention.

This road, a test of brakes going down and horsepower going up, is maintained by the Highway Department with a rock patrol every

morning, picking up what fell the night before. The road provides a great view of Mono Lake, but is not for the faint of heart, as they say.

Found a good spot for breakfast in Lee Vining and headed back the way we came.

Total miles – Oakhurt – Lee Vining – Oakhurst – 216 miles. I guess we should be glad that we have this available to us. A 216-mile ride in Los Angeles takes you from Hollywood to Riverside and back!

Articles and photos were submitted by Tom Bailey, High Sierra Corvettes.

### Fall Color Tour - A Photo Essay By Pat Clark ©2011

October 14, 2011, 5:40 a.m. alarm clocks throughout Northern Indiana and Southern Michigan were announcing a new day. One members of the "Michiana Corvette Club" had been looking forward to for nearly a year. It was time to travel to Traverse City, Michigan, for three days, where they joined "Team Corvette" of Grand Blanc, Michigan, for their annual Fall Color Tour.

Hot coffee, warm jackets and storm clouds overhead could not dampen the spirits as Club members gathered to sync their two-way radios and hear last minute instructions from trip organizers Ken and Sandy Acton. Soon 20 Corvettes headed north where a majestic fall palette of colors was waiting to greet them.

Contrary to popular belief, Corvettes do not melt in the rain.

To help pass the time driving north, passengers played "Vette Car Bingo" and Corvette Trivia.

Blue Bars

Winners received prizes later that evening when gathered at their motel.

Mother Nature was not going to dampen the spirits of participants. Instead, nearly 40 Corvettes lined up in the motel parking lot to form a "Rainbow of Corvettes."

On Saturday morning, the damp weather relented long enough for members to travel to the Leelanau, Michigan area where they enjoyed sight-seeing, shopping and photo opportunities along the lake. Planning a trip to the Traverse City area was second nature for the Actons. Sandy states "Ken and I love Traverse City. There is so much to do and see. With Grand Traverse Bay, Lake Michigan, and all the surrounding lakes in the area, the scenery doesn't get any better, especially on a beautiful fall day."

Saturday members of both clubs gathered for dinner and friendly conversation. It was a great opportunity to make friends with people while sharing stories about their Corvettes and enjoying great food!

## Helpful Hints to Plan a Tour

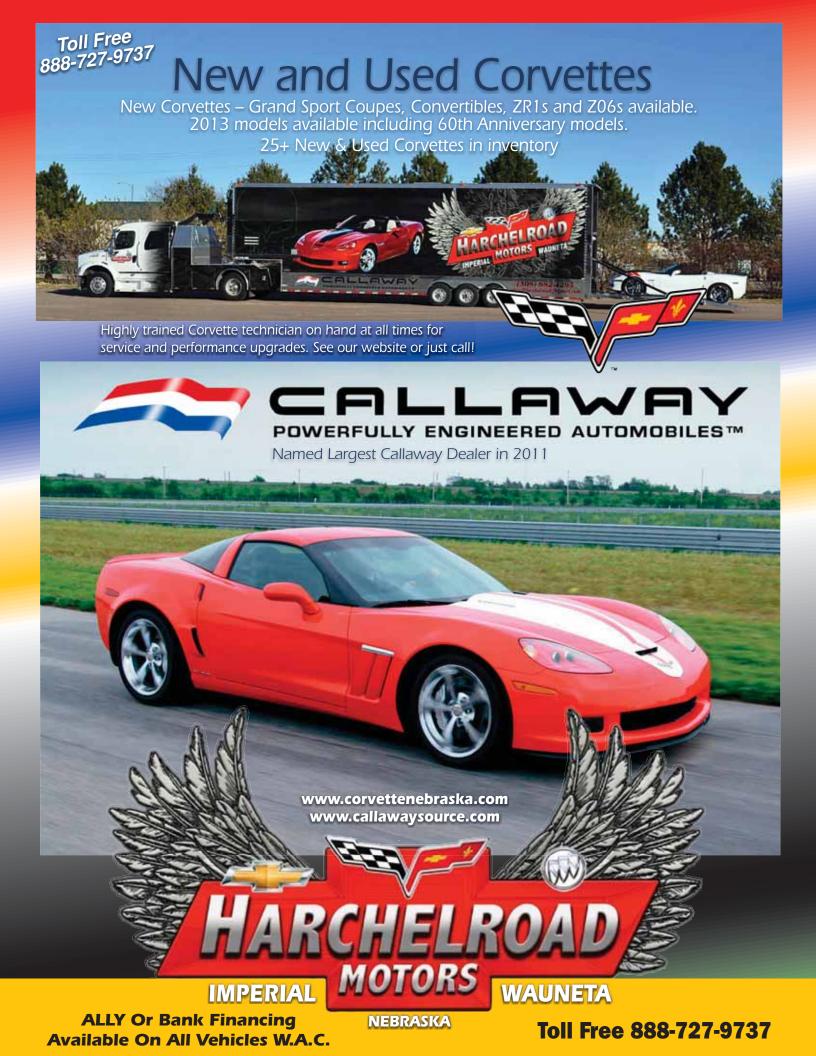

- Start planning early!
- Book at least six months in advance to get the best selection of hotels and room rates.
- Make dinner reservations as soon as possible. Criteria for dinner reservations might include large paved lots, reservations accepted, full menu ordering and individual checks.
- Work with the local Chamber of Commerce to plan daytime outings that would be of interest to your group.
- Negotiate meeting rooms with the hotel manager so guests can gather for social hour during the evenings.
- Two-way radios are handy to plan stops along your route.
- Distribute list to all participants with names addresses and cell phone numbers.
- Gift bags might include sample automotive products, mints and souvenir plaque of the trip.
- Game sheets such as "Vette Bingo, trivia, and other word games.
- Favors or prizes for winners of the travel games.
- Be sure to tip the hotel manager.

## "GOOGLE" CORVETTE REPAIR

This experience started a while ago with the dreaded "Service ABS" message joined by "Service Traction Control" and "Service Active handling" on my '03 Black Z06. Lots of

diagnostic codes including the ABS module code. A lurid slide in a light rain confirmed the error messages and codes – problems with the ABS.

What to do? Call me perplexed. And cheap. I understood a repair shop visit would be a \$1500 bill. Jack Priestner suggested checking out absfixer. com; \$150 and a week to repair. Jack warned me that removing the module behind the radiator in front of the engine under the hoses and air ducts wasn't easy. A "great" place to mount an electronic unit – exposed to heat and moisture. And Jack said "Reinstalling it is worse." Well, getting it out was not real bad – just took me 3 hours. But I was being really careful. At least I had the 2 post lift to get at the module from both above and below. The problem: small #20 Torx screws mounted where you can't seem them and access a real pain. Oh yes; be careful removing the wiring connectors - lots of easily bent mini pins. Anyway I got it out. A week later I had the module back from ABS Fixer - \$150 bucks or so. The good news was it only took about an hour to reinstall. The unit slips right in place held by the 12 (yes TWELVE) coils which fit over hydraulic plungers of the brake control part of the system - This held the ABS module in place while I put the screws in. I taped each screw to the screw driver shaft to not drop the darn thing.

So back in the car to clear the codes: everything cleared except one code "C1235" and the "Service this and that too" warnings were still flashing away. Plus "SERVICE VEHICLE SOON" came up after a few miles. I decided to run the LCCC-CPCC AutoX in Lancaster, PA that weekend anyway. Bad idea: lots of blue smoke and flying orange cones. And 5 DNFs in 3 runs – now that is very hard to do, but I did it. Just ask Karen - she ran timing. I was embarrassed. No ABS was only a part of the problem – I was simply lost on course. Jack to the rescue again - at least for the code. He thought the "C1235" code indicated a failed wheel sensor. He said "Just Google it". What? I never thought of that – I'm still old school but do not have a manual listing the codes. Amazing: a simple "Google" told me that GM OBDII C1235 code means "Right rear wheel speed sensor open or shorted." Sure enough: The wiring harness to the right rear wheel sensor was disconnected.

I connected it, cleared the code - no more warning messages. I'm a happy camper. Still embarrassed by my demonstrated lack of driving skills but the car is fixed. And also: now that I've taken the ABS module out once I could probably do it again in about an hour or so – even being careful. Or advise someone else how to do it in about that time. Not a big deal. Do a little work – save a bunch of bucks.

Oh, by the way, "Google" works for many vehicles; e.g., I think in a Dodge pickup truck C1235 means the glove box light is out.

## SUNBURST CC 35th ANNIVERSARY

On a cold March night in 1977, a small but dedicated band of Corvette enthusiasts met in the basement of the police station in Crystal Lake, Illinois. Their common interest brought them together to start something that has

grown and evolved over 35 years: the Sunburst Corvette Club! Yes, this storied club is celebrating their 35<sup>th</sup> Anniversary in 2012, and their renewed energy and enthusiasm is being broadcast with a new slogan: "Shifting Gears For Over 35 Years." The membership is very active

and enjoys their cars in a myriad of ways, from autocrossing to cruising, but always with a meal somewhere along the way. "We're a dining club that travels by Corvette!" proclaims former president Ron Gliot. Added to this is the Sunburst Corvette

Club dedication and legacy of charitable giving; the club supports many local charities including The Salvation Army, Children's Memorial Hospital, Habitat For Humanity, McHenry Open Arms Mission, Open Heart Magic, and Save-A-Pet. Members nominate charities and the

group votes on the donation to be made at the end of each year.

In keeping with the club's fervor for Corvettes and food, the Board of Directors wanted to do something special

to mark the 35<sup>th</sup> milestone. The new club president, Tom Palmer, found a "Committee of Two" to take on the task of creating a celebration event, albeit with a very short calendar at hand – after all, it was only January when the torch was lit, giving the Committee just two months to plan and organize. Nevertheless, Karen Baird and Kevin Daleiden jumped on the project. Initially, after considering various banquet facilities

and restaurants, the Committee was perplexed. The club Christmas Party was just a matter of weeks before, so they knew this jamboree needed to be different. Plus, Karen visited several banquet halls and couldn't find one that

had the right atmosphere. "We didn't want to just sit and look at each other across a white tablecloth," she explained. "And there was no budget for a band or DJ." The Committee rattled their brains for ideas, but finally took the sage advice of Carla Daleiden: "Why not just have a cocktail party?"

"This idea was perfect," said Kevin. "Whenever we have meetings, the most fun is at the beginning and the end, when people are socializing." So taking Carla's idea, Karen and Kevin reached out to the

one place they knew would know how to throw a cocktail party – the Anvil Club in East Dundee, Illinois. "I have been a member for 20 years," said Kevin, "and they absolutely know cocktails and parties!" One call to Jody Gaydusek and the ball was rolling! "They couldn't have been easier to deal with and highly flexible!" Kevin added. Barry Hubscher, General Manager of the Anvil Club, even came up with the great marketing idea: \$35 for the 35<sup>th</sup>! Cocktails and Hors d'Ouevres

included! How could it not succeed?

Setting the date was a little more difficult – so many schedules to work around in such a short window caused a lot of concern, but finally a decision was made: March

10, 2012 was set. It was the only weekend on the club calendar that had no other activity – who says Corvette clubs are dormant in the winter? Not Sunburst members! They seem to constantly have something going on!

The Board put out the word at the general membership meeting in February, and the Committee used the "Yahoo Groups" email system to alert members near and far about the event. Since many of the Sunburst members spend their winter months somewhere warmer than Illinois, the internet has become a virtual Corvette highway for keeping up with club events and news. The club made a special effort to invite former members to attend, reaching out through regular mail as well.

By the time March 10 rolled around, there were 56 of the Sunburst faithful who braved the oddly mild Illinois winter night to attend the

35<sup>th</sup> Anniversary Celebration. Five Corvettes even showed up and were given priority parking right in front of the Anvil Club – the valet was in heaven!

Inside, the group was treated to magnificent cocktails and a diverse menu, including prime rib sandwiches, barbecue meatballs, bruschetta, salmon pinwheels, and a huge, delicious cake! Karen Baird handled registration and made sure that everyone received a smart little set of specially-designed Sunburst Corvette Club memo pads. Carla Daleiden helped by handing out the Celebration Pins that were made to note the 35<sup>th</sup> Anniversary. Profits from the sales of pins are dedicated to the support St. Jude's Research Hospital. The club is planning a special trip to Memphis in October to present the yearlong fundraising check in person.

A special moment was held to honor Dave and Julie Thomas' 1977 Corvette – the only '77 in the club! Karen had prepared a special gift: a gift basket with a set of large playing cards featuring Thomas' own car on the backs of the deck! It was only sad that the '77 had to spend the special night alone at home in the garage, but who would bring a beauty like that out on a March night? You just know Dave said "No way!"

As a special exhibition, Mark Dalbello put together an electronic collage of club photos showing 35 years of members, events, friendships, and of course, Corvettes! "He loves to do this sort of presentation" said his wife, Pat Dalbello. It was a professional job, to be sure, and his expertise showed. He graciously offered the DVD's for sale to the membership with profits going to St. Jude's. Supplies ran out that night!

Table decorations were provided by Kevin and Carla Daleiden, honoring the autocrossers in the club by using traffic cones as a base for lovely floral decorations. Of course, taste comes in many different shades! Over the year, the cones will travel to the races with the autocrossers (known to some as the Corvette Racing Squad, or C.R.S.) to honor the 35<sup>th</sup> Anniversary. Mehlinae and Lee Douglas helped set up (and later take down) the large 35<sup>th</sup> Anniversary banners and other decorations.

Thanks to Mike Stevens, the event has been recorded for posterity in a whole set of photos. This will make it easier for the organizers in the future to put together the photo collage!

Since the Anvil Club is steeped in history and mystery, the Director of Membership Development, Bobbi Baehne, led a tour through the club so that Sunburst members could see for themselves the real Tiffany shades, the bullet hole in the doors that came from a Chicago brothel, and many other oddities collected over the years by Anvil Club members. One of the main features is the actual forge that remains from when the building was a real blacksmith shop!

As the night wore on, the members spent the time talking and socializing, and everyone appeared to have a marvelous time. Comments abounded that it was a memorable evening and the atmosphere was just right for the event. Bonnie Edwardsen said "it was exactly like it needed to be...classy, fun, well run, exactly like a 35th anniversary party should be." One of the keys to success was the lack of table seating. "Our goal was to have people mingle, as opposed to everyone taking a seat at a banquet table," said Kevin. "At a traditional dinner, once everyone sits down, the only interactions they have are with the four people sitting around them." At this cocktail party, everyone had ample opportunity to meet and greet every other person there. "I'm pretty sure I had a conversation with each Sunburst member who came in the door!" stated Carla Daleiden. There were stand-up tables so that everyone had a landing zone for their plate and cocktail, and the room was constantly in motion, making for a constant flow of conversation.

Eventually, as the last lingering partiers cleared up the detritus from the shindig, the after-party began in the bar! After enjoying some laughs and a final round of thirst-quenchers, the last three couples made their way out the doors of Anvil Club, to be greeted by the burble of their mellifluous exhausts – the valet was warming up all three Corvettes! "Light 'em up!" said Karen. Good thing the East Dundee police were somewhere else right then!

Over the next few days, the Sunburst Facebook page was covered with comments and tributes to the night, so it appears that it was a rousing success! The organizers were just as pleased at the turnout and support. "I thought it turned out exactly like we had envisioned it. I loved the venue at the Anvil Club and enjoyed the entire night," stated Karen Baird. You can be sure that the next event planned by "The Committee of Two" will be just as exciting, if not more so! Keep an eye on that Sunburst Corvette Club – they're going to keep "Shifting Gears For Over 35 Years!"

# THE GREAT HALL AT BLOOMINGTON GOLD 6/22/12

I have known for many years that NCCC people are very special. This year I found out that others think the same way. The Bloomington Gold Organization has enshrined NCCC as one of a select few organizations recognized in the Great Hall.

This honor is given to 10 people or an organization and 10 cars for five years. What that means is that Bloomington Gold thought of us as one of the top five Corvette enthusiast groups in America. What a great honor!

We arrived at Pheasant Run on Thursday evening. Dave and Joanie Heinemann agreed to help us negotiate the process and battling the traffic. We went into the show on Friday and browsed through the vendor area. We then visited the various new car and club displays. The judging field had some truly amazing Corvettes. The judges have a difficult job.

Bill Locke, the Great Hall Director, greeted us at 2:00 PM. The award ceremony was to start at 5:00 PM, so Bill had a short meeting to explain the program and to introduce everyone to each other. After meeting the other recipients, I was sure that I was among the most important members of the Corvette world.

The presentations were nicely done. I will say that being there with the "Big Guns" was inspiring and intimidating. I was feeling a bit out of place, but everyone was very pleasant and equally inspired. It was fun.

To be sure, this award was earned by all of us. They handed it to me, but it belongs to you, the members of NCCC.

Thanks to the Bloomington Gold Organization for this prestigious award.

Check out the details of the entire ceremony at the Bloomington Gold web site of

## ATTENTION NCCC MEMBERS!!

Have you moved? Has your name or address information changed?

If you can answer "YES" to any of these questions, it is important that you notify NCCC of these changes. You can do that two ways: by going to the NCCC website and clicking on Address Change Form and making your changes directly online or by notifying your Regional Membership Director or, in the case of membersat-large, the Vice President-Membership Larry Morrison. (Larry's *contact information can be found on Page 2 and RMD contact information can be found in the "Regional News" section of this magazine.*)

It is important that the NCCC membership database be kept as up-to-date as possible, because this database is used to generate labels for each issue of *Blue Bars*, as well as for mailing membership packets and other pertinent information that NCCC mails out to the membership.

# *Want to know when* & *where YOUR 1962-1975 Corvette was delivered?*

For most VINs, we know the Chevrolet Dealer Name, Dealer Zone, Dealer Code, address and date of when YOUR specific Corvette was delivered! Our records start at approximately 1962 VIN 4,000 and run through 1975. Visit our website below for complete information.

## MICHELIN INFLUENCERS TIRE SCHOOL

## March 13-15, 2012

I was invited by Kimbrelly Kegler, the NCCC Michelin contact, to attend a tire school facilitated by Michelin North America that was designed to provide information about the tire, the tire brand and the company. The school was held at the Michelin Sales Training Center in Greenville, SC. Individuals who were invited were key individuals from Porsche Club of America, the BMW club, Tire Center, Inc. (a wholesale company for Michelin tires), Skip Barber School Driving School, Detroit Racing, Corvette Forum and a few from the Michelin 25<sup>th</sup> Hour Program.

My information will be presented as a diary of what the "young" lady understood about "tars" (that's Texanese for tires) and Michelin North America. The basic agenda was as follows: arrival on Tuesday, March 13, for preliminary program; Wednesday included our findings from a pre-conference assignment, a Tire Essentials presentation, a tour of the US1 plant, Product Presentation 1; and, on Thursday, we started the day with a driving experience at the BMW Performance Center and ended with Product Presentation 2. Our primary instructor for the program was Johnny Valencia, a super guy with a wealth of knowledge about tires who does an excellent job with his presentation. Doug Brown, one of their Chief Engineers, was also on hand for part of the training and, likewise, hee is a great guy, fun to talk with and, of course, knows his tires. Kimbrelly Kegler who sponsored the program, took part as the overseer and also ran a great 3-day school. So, let's start at the beginning...

We arrived on Tuesday, March 13, and had dinner at a unique location where we had the opportunity to visit with some key personnel from Michelin, as well as experience and learn from some new and innovative education modules that Michelin is developing for the consumer and the sales person. We were also briefed on the basics for the next few days. The excitement builds for what to expect next!!

Wednesday, Day 2, begins with another brief meet-andgreet. We then get started with the pre-conference assignment. We were all asked to visit several types of tire dealerships in our area (major tire retailer, all-purpose store, such as Wal Mart, and an automotive store) to gather information about the store appearance, knowledge of the personnel, promotion of a particular tire, offer to inspect car, did they promote the lowest-priced tire, the benefits of the tire or what was available, appearance of the store personnel and did they try to sell the

benefits of their store. This information was to be gathered on a tire for a car that you were not driving at the time. Since I have never purchased tires in my life, this was a very interesting and eye opening experience for me. I was asking for information on a tire to fit my Cadillac CTS and I had Michelin Pilot HX MXM4 tires on the car as OE. Overall, everyone had basically the same findings, The tire salespeople (to be referred to as professionals) at a major tire retailer tried to sell Michelin tires more than others in general, but they also were interested in what the customer wanted. I think they assumed that, since I was pleased with the Michelin tires I had on my car, I wanted to stay with those tires. The individuals at the Wal Mart-type stores and automotive stores wanted to sell what they had available, no matter what it was, just to make a sale. The professional knew all about the Michelin Promise and rebates and also tried to sell the benefits of their store and quality of service. This experience was a great eye opener for those in the group who work in the tire business as well.

Tire Essentials - What did I learn?

- 1) The Michelin DNA is obsessed with quality, overall superiority and no compromises on product. That is why each tire is hand inspected before it leaves the plant.
- 2) Their history includes the first detachable tire on a bicycle in 1891, the first radial ply tire in 1946, the natural tire was white and that is why the Michelin man is white, they launched the "green tire" concept in 1990 and won their 10th straight LeMans race in 2007.
- 3) Winner of the JD Power Award for customer satisfaction and rated #1 in quality by tire dealers. "If you want to fix a tire problem, put a set of Michelins on the vehicle."
- 4) Michelin is celebrating the one-year anniversary of the Michelin Promise Plan that includes a 30-day warranty on the tire if you don't like it, a 24/7 towing warranty for three years and a mileage warranty (variable for type of tire).
- 5) Contact patch is a major concept. When you are driving, that is the only thing touching the ground and that "thing" is a quarter of an 8.5" x 11" piece of paper. So those four little patches are what are touching the ground and keeping you safe!
- 6) The contact patch is affected by air pressure.
- Load and inflation is a big deal! A tire at speed -225/45R17 91W-Standard load- rolls 835 times every mile. At 30 mph, it rolls at seven times per second, 70mph at 16 times per second, and 150mph at 35 times per second. Without the correct tire pressure, all sorts of problems can occur!
- 8) The tires have over 200 types of materials in the construction of the tire.
- 9) Michelin High Performance Tires have the C3Mpatented Michelin technology which is an inner lining in the tire that is smooth and shiny. This allows for more roundness continuity in the tire and prevents heaviness in one area, so they require less balancing weights.

- 10) Twaron belt technology is unique to the Michelin Performance Tires (Pilot Super Sport). This allows for more even grip from the shoulders through the center of the tire tread to improve stability and handling at a higher speed.
- 11) Inflation pressure helps determine footprint/tread contact.
- 12) Heat is the greatest enemy of your tire.
- 13) Normal air loss is one (1) psi per month and for each 10 degree change in ambient temperature, there is a one (1) psi change in tire pressure, so check your tire pressures regularly.
- 14) Tire pressure is determined by the car manufacturer and placed on the door of the car. Same can be said for the load recommendation. It is determined by the car manufacturer.
- 15) When replacing tires, you must consider the load carrying capacity of the tire.
- 16) It is suggested to have your tires checked annually by a professional.
- 17) Tire dressings, such as ArmorAll, are not recommended as they increase the aging of the tire. They can cause whitewall bleed through.
- 18) If only replacing two (2) tires, they should always be placed on the rear.

We had the opportunity to take a tour of the tire manufacturing plant that was most interesting and very aromatic! A variety of tires were being manufactured there with big machinery and surprisingly few employees. Much automation! However, each tire is hand-inspected before it leaves the plant and also goes through an x-ray inspection as well. Preventive maintenance is done every other day and special engineered tires for testing are also produced completely in one central area of the plant. That was a lot to learn in one day - or at least for me, it was!

Thursday, Day 3, we are off to the BMW Performance Center for the driving experience. The BMW M5 is produced in Greenville and they have a delivery program at the Performance Center similar to the Corvette Museum Delivery Program in Bowling Green, KY. We were involved in three different exercises - one was a comparison of the Pilot Sport A/S Tire and the PS2 on a wet surface driving a BMW 355, a short autocross with PS2 tires driving a BMW M5 and an obstacle course drive with a BMW X5 that demonstrated the off-road capabilities of the Latitude Tour tire. What did I learn?

- 1) The PS2 performed better in the wet than the All Season tire. There was more control and better drift.
- 2) Rain is a condition, not a season.
- 3) A/S tire is consistent jack of all trades but master of none. Good for areas that have all four seasons but not necessarily for just rainy climates.
- 4) Temperature makes a difference on the performance of the tire. PS2 does not like temperatures 40 degrees or less.
- 5) PS2 costs more, the A/S lasts longer.

- 6) The PS2 was fun to drive in the autocross. There were timed runs and I finished in the middle of the pack of 18 people. I did not feel too bad, since I have not raced in many years. I beat the other Corvette person there who does race and those who beat me race regularly in PCA, SCCA, BMW and NASA. AND, I was only .7 seconds behind first place.
- 7) The off-road obstacle course driving was over steep rugged uneven hills, in trenches of water, chug holes and over a steep descent, and the tires performed well.
- 8) The Defender Tire Michelin's new everyday driving tire for the S and T Series tires has a 90,000 mile warranty, 820 treadware rating and is available April 1. This tire will take the place of several varieties of tires that Michelin now offers as they try to condense the number of tires being produced.

This three-day training was a wonderful experience for me. I am overwhelmed with all of the facts and am still trying to put it all together in my mind. I was sent home with many materials to use as a reference, so I have no excuse not to be more knowledgeable about tires in general. I want to thank Kimbrelly Kegler for inviting me as a representative of NCCC and extend a big thank you to Johnny Valencia and Doug Brown for their expertise in teaching on tires in general and on the Michelin North America brand.

Debbie Lindsey

This 2008 photo shows John Hibbeler of Staunton in front of his three Corvettes, a 1966, a 1978 and a 1991 ZR-1, and his garage that was full of Corvette memorabilia. A brush fire on Thursday, June 15, 2012, destroyed the garage and the cars. Photo by Justin L. Fowler of <u>The</u> (Springfield) State Journal-Register.

**STAUNTON** • John Hibbeler's collection of classic Corvettes and car memorabilia — a hobby more than four decades in the making — went up in flames inside two garages near his Staunton home overnight.

"This was my whole life," Hibbeler, 65, said Friday, choking back tears. "It took me 45 years to get to this position, and I lost it all in one night."

A small brush fire that got out of control may be to blame for the two-alarm fire that destroyed Hibbeler's two garages and an outbuilding late Thursday night, the town's fire chief says. It's an accidental fire, not suspicious, the chief added.

Hibbeler was asleep in bed after 11 p.m. Thursday when he heard someone banging on his door, warning him of the approaching flames. He scrambled outside and saw his life's passion ablaze in the garages behind his home at Madison and Second streets in Staunton, about 40 miles northeast of St. Louis in Macoupin County.

No one was injured in the fire, but a firefighter suffered a serious ankle injury getting to the scene.

The garages housed his collection of restored Corvettes, a Sportster Harley Davidson motorcycle, three personal watercraft, other vehicles and trailers, car magazines dating to 1959 and every license plate Hibbeler has had since he started driving.

Three of the cars were Hibbeler's own Corvettes, including his pride and joy — a 1966 Corvette he bought in the spring of 1968 from a used car lot in Alton. He restored the car about eight years ago and since the car only had about 2,500 miles on it.

"It was everything to me," Hibbeler said. "When I didn't have anything, I had it."

Hibbeler said he never married and has no children. He recently retired as manager of an auto parts department in

Collinsville.

Hibbeler has insurance but said there is no way it can truly replace what he lost. One Corvette collector says a car like Hibbeler's '66 Corvette could easily fetch \$50,000, at a minimum.

Rick Haase, fire chief of the Staunton Fire Protection District, said about 40 firefighters from his and four neighboring departments helped fight the fire. They had to truck in tankers of water from elsewhere to extinguish the blaze.

Firefighters first got the call for a brush fire. They arrived quickly and found flames shooting through the roofs of the garages and outbuilding. Crews stayed on the scene for several hours to continue pouring water onto hotspots, and the fire rekindled at about 5 a.m., Haase said.

Haase said the buildings contained various chemicals used in restoring vehicles. Those vehicles, along with the shop tools and equipment used in restoring cars, were destroyed by the fire, the chief said.

Part of the exterior on Hibbeler's home and a neighbor's home melted from the heat, but flames never reached the homes. The brush fire apparently started behind the garages on his property. The closest garage is about 20 feet from his home, he said.

Corvette enthusiasts are a tight-knit group, and word spread quickly Friday morning about Hibbeler's losses.

"It's just a shame," said Dick Ferrando, who runs D & A Restoration in Gillespie, about seven miles from Staunton. He heard about the Corvette shop fire while he was in a coffee shop this morning. He said word had even spread around the country.

"I've had about 10 calls this morning — from Minnesota, Chicago — making sure we didn't burned down, because they have cars here we're restoring for them," Ferrando said.

Hibbeler said he knew when he was in fifth grade that he would one day own a Corvette. He was riding his bike that day and saw a white 1954 Corvette. He stopped to take a look.

"I said, 'One of these days, I'm going to have one.""

Friends and neighbors came to offer support Friday, but Hibbeler admitted he was in a state of shock as he talked to a reporter.

"I've lost everything I've been proud of," he said. "There's nothing anybody can do."

## From the VP Membership

It has been a good summer with lots of Corvette events to attend. We have had some great events already, but there are still more upcoming. The NCCC web site has all the latest information about things going on in all the regions and is a great place to look for events to attend. One of the big benefits of belonging to NCCC is if you have trouble almost anywhere there is a member

who is willing to help. That is one of the reasons Ellouise and I have been able to travel throughout this country, knowing we had only to contact a member and they would help if needed.

Thank you to the West Region for a great convention in Topeka; again, thanks guys and gals for all the hard work and long hours it takes to put on a convention.

By the time you read this it will be time to start thinking about renewing your NCCC membership. If you need to make any changes, i.e. address, name, or member type, they will need to be made through your club governor.

Let your region officers know that you appreciate the time and effort they put in for you and your region. They serve for the love of NCCC and your region, thank them and let them know if you have any concerns or ideas to make NCCC better.

## Larry Morríson

We just got home from a week in Topeka, KS and WOW! What a week! For us, it was a week of many firsts: first NCCC convention, first Funkhana (placed 8<sup>th</sup>), first Rallye (placed 8<sup>th</sup>), first time to watch high-speed racing, first time to watch Corvette drag racing, first time to sit on a Harley-Davidson and first trip to Topeka! We met so many new friends from across the U.S. who all share a love for Corvettes and who REALLY know how to have fun. We were amazed at the creativity of those who chose to wear costumes and prom attire, as well as their ability to laugh at themselves. Laughter and good times seemed to be the norm, not the exception. It was easy to talk to other participants, because we all had a common interest—our cars. Everyone was willing to talk about their car, what they had done to make it their own or how much they enjoyed racing it.

We thank all of those who worked very hard to make this Convention a success. The staff and accommodations at the Capitol Plaza were exceptional. We also want to thank Heartland Park for allowing us to use the air-conditioned suites to watch the drag racing. We are looking forward to next year's Convention in Bowling Green, KY and have already bought our convention shirts for 2013!

We never imagined 10 years ago that owning a car would result in having so much fun. Oh! Wait a minute! It's not just a car...it's a CORVETTE.

Donald and Carlanne Hickman, members of Cowtown Vettes, SW Region

## MAYBE DAD'S CAR IS ACTUALLY COOL!

Our daughter attended high school at a small school. The year was 1989 or 90. Her graduating class was only 63 kids. So everybody knew all the other kids. Now being a high school kid, it was pretty important to fit in. Being a 'standout' was just not cool. It didn't matter if you were a good or not so good 'standout' – just don't be different. Don't be the kid with the crazy hair or the one who dresses funny and, especially, don't be the kid with the weird parents. Now what would it take to be a weird parent?

How about one who drove a '62 red Corvette – with a set of chrome Cragars. That's 'Strike 1.' The Corvette was just a driver. It had never been restored, just fixed up. From about 20 feet away, it looked really good. It did have a fresh paint job, new carpet and dash pad, and a nice little 327 with just enough cam to 'standout.' Remember – don't be a standout! 'Strike 2.'

Not want to 'stand out,' she did not like to ride in the Corvette. "Dad, that's embarrassing!" She would actually bend down and try to hide under the dash when she would see someone she knew. Of course, I would make sure that she was seen. "Daddy, you're such a dork!" Really not cool – at least in the mind of a teenage girl. That's 'Strike 2.' Now I officially qualify as the weird parent.

Shari was a cheerleader and had cheerleader practice every week. One day it was my job to pick her up after practice. The Corvette had just been washed and the sun was shining, so I decided to take the top off the car and go pick her up in the Corvette. When I got to the parking lot, I pulled right up to the field house door. The girls were still on the field but, as luck would have it, the football players were just getting out of their practice. As soon as they saw the Corvette, all shined up and the wheels sparkling in the sunlight, they headed straight for it...about that time the girls came out and Shari headed for the car. You can just imagine the grin on her face when she saw a dozen football players gathered around my car while she hopped in it. I could not have wiped the smile off her face with sandpaper. From then on, that was one of her favorite cars. Maybe dads can be 'cool' after all.

## **FROM THE DIRECTOR OF PUBLIC RELATIONS**

Wow ...we didn't know Topeka could be so fun; if you didn't attend you missed a fun Convention – they did a great job! If you weren't there, we at least hope that you were off having some Corvette Fun; regardless what your passion is with your Corvette, get out and ENJOY "America's Sports Car"!

Those of you in attendance at the May National Governors' Meeting heard me talk about some of the ideas and efforts that Public Relations

#### is engaged in:

- "Cold Calls" are still taking place although the research to investigate each club prior to contacting them is tedious and not as accurate as we would like. We could really use your assistance in identifying the clubs we should be targeting along with any history of the clubs; even if just a list of clubs stating if they were an NCCC club in the past. Before contacting them, we really need to understand if they are "new clubs" or "former NCCC clubs." If they are former NCCC clubs, some insight into why they left would be helpful. Any information you can provide would be greatly appreciated; please feel free to drop me an email or give me a call.
- If your sponsoring dealership is willing to provide a handout to new Corvette owners, please contact me so we can work together on promoting both your club and NCCC. I will be more than willing to work with you to create a joint flyer for them to use to get the word out. The more we can show the benefits of your club and NCCC, the fewer Corvette owners might join non-NCCC clubs.
- Do you know of any fairly large Corvette event in your area that we are not currently making a presence at? Keep in mind that it might not be best to target these events with the promotional display; however, they might be great targets for NCCC Flyers in goodie bags or advertising in their Program Book. Please contact me with any thoughts around new venues and targets for us to reach out to.
- We hope you have taken time to look at the re-worked Public Relations pages since the last article. The goal was to better arrange the information, providing tools for you and your members as they talk to potential new members and clubs. While the NCCC Displays are a good tool, they are not the only method we should be using to promote NCCC. If you missed seeing them, the promotional display page is now a link off the new PR main page – the monthly calendars showing where the displays are booked are linked there.

Don't forget the "Why NCCC" documents (promotion info / tools) can be found on our NCCC website on the Public Relations and the Membership pages. These documents are updated periodically at which time they are reposted at the same location; so check back before printing any time you need more. The direct links to both documents are:

Promo Flyer: http://www.corvettesnccc.org/PR/display\_promoflyer.pdf Detailed Info: http://www.corvettesnccc.org/BenefitsNCCC\_2011.pdf

I would invite you to also use these documents, especially the promo flyer within your clubs and regions. We have found it useful within our club to distribute the promo flyers at membership meetings and at the new member

Blue Bars

orientations. The links above will allow you to print them for your needs. Truth is that most people join our clubs because we are a Corvette Club, not because we are NCCC. Unless you help promote the benefits, most will never know the real benefits of why our clubs are and should remain members of NCCC.

Facebook, regardless if you like it, love it or hate it,

is an awesome sales tool for our organization and we used it heavily before Convention. For those of you who do use FB, please list the National Council of Corvette Clubs (NCCC) under "Activities and Interests" on your profile. Be proud of your affiliation; use Facebook to help promote your club, your region and your NCCC organization.

Another social media that we are exploring is the Linked-In account that Tim Obert had started a while back. He has granted me access to the account, so we will be exploring opportunities with that tool to promote NCCC along with Facebook.

Below is a brief recap of some of the Public Relations activities since my last report:

- The NCCC Facebook account went live with a page for Convention. The 53<sup>rd</sup> Convention had its own page off this account where we published upcoming important registration deadlines, daily schedules and some photos from Convention afterwards.
- Working with the Convention Committee, a Convention press release was published in the Topeka area. The press release was also posted on the host hotel's Facebook page.
- Our AD appeared in the National Corvette Homecoming Program Book and inserts were in the event goodie bags. Additional flyers were on the table when people walked thru the vendor area. Other than the printing of the flyers, all of this was a tradeout.
- Our Flyer will appear in all the Corvettes of Carlisle goodie bags and in their program book. Debbie Lindsey and others will be working the NCCC Display at the event.
- Our AD will be appearing in the Mid-America Funfest tabloidstyle publication that will be sent and provided well beyond the event itself; this was in conjunction with Debbie Lindsey
- Our ADs continue in the NCM's American Sports Car, the NCRS AD book, the American Car Collector, Vette Magazine, Vette Vues and a few others; some of these are in the process of being renewed.
- We are continuing the partnership with the Registry of Corvette Race Cars and Corvette World Tribute, which has reached some new audiences for us.
- We are working on some of the promotional display items that have become faded and somewhat dated. We are striving to keep these in top shape and current with the times to represent the correct NCCC image. If you have some outstanding event photos, we would welcome them.
- While our two promotional displays are good mediums to utilize for your events; they may not be the best tool for every event. As we have been working with some potential new clubs, we are starting to see a possible need for sending only the handouts, the DVD player and DVD. Not only is this more economical to ship, but it also allows us to focus the information for individual situations. Think about some of the times you have utilized the promotional displays and what might make them better or what might have even worked better than the display itself. I would like to hear about it.

Public Relations will look to you to be our eyes, ears and salespersons in search of new markets, events and opportunities to promote and grow NCCC. These opportunities could range with our attendance at a large event and/or just using our display or with ADs and flyers. We can partner up with you to help your club, your region and NCCC at these events. It might even need to be a visit to your region to talk to the clubs that don't attend National Meetings, to help sell NCCC and our benefits.

In closing, remember that NCCC is <u>YOUR organization</u> and finding solutions to benefit it and grow membership must be important to all of us. There is no single individual or single group that can do this alone, so let's put our heads together and make it happen. If you have constructive ideas or opportunities about how to better our NCCC organization, please feel free to contact the Vision Committee or me.

Regards, Douglas McMahan

# Blue Bars

## ADVERTISING OPPORTUNITIES LIKE NONE OTHER! (revised 8/1/11)

The National Council of Corvette Clubs is offering advertising opportunities in its quarterly publication, *Blue Bars*, to Corvetterelated businesses, clubs, and NCCC Regions. Why should you consider advertising in this publication?

- Favorable rates
- Official publication of the largest single car club of its kind in the world
- Average circulation in excess of 11,500 copies

The interests of our membership are varied – competition, car shows, parades, charitable events and numerous social events, all of which are sponsored by our clubs. As the interest of our membership is so varied, so are their needs for Corvette-related products, services and activities.

Don't miss this great opportunity to market your products, services or events to Corvette enthusiasts across the country.

|                              | Advertising Ra | ates        |

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | winership, Manageme<br>cations Except                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

## From the Director of Publications

Thank you, LARRY BEEBE, LINDA SIEGCRIST and the members of the West Region for another fun-filled, action packed Convention. Your hard work and years of preparation were clearly evident during Convention in Topeka, KS. My hat's to each of you.

I would also like to extend my appreciation and thanks to BOB BOWEN, KATHY BRISBOIS, ALAN

BROWN, DOUG McMAHAN, DAVE WALTER and our Convention photographer, JIM SOVANSKI, for providing me with photos taken during the week of Convention. If you are interested in sharing your photos of Convention in Bowling Green, KY, please let me know. I would greatly appreciate your help.

<u>REMINDER to Governors and Newsletter Editors</u>...Please arrange for hardcopies of your club's newsletters to be mailed to PAT CLARK (Michiana CC) at <u>50866 Country Knolls Drive, Granger,</u> <u>IN 46530</u>. Electronic copies of club newsletters should be emailed to PATSY SHEARER (CKCC) at <u>wlshearer@cfl.rr.com</u>. Pat and Patsy will then peruse the newsletters they receive for articles of interest for *Blue Bars*. Articles and photos are always needed:

aCurrently, I have articles/photos for the following clubs. If your club is NOT listed and you have submitted an article to me, please email me at BlueBars@corvettesnccc.org.

- Calhoun County Corvettes
- Kettle Moraine CC
- Las Vegas Corvette Assn
- Free State CC
- Chicago Cross-Roads CC
- Middle Tennessee CC
- Colorado Springs CC
- Larry & Marjory Bushaw
- Hoosier CC
- Mahoning Valley Corvettes
- CC Kansas City
- Mid-Ohio CC

All photos in *Blue Bars* should be hi-resolution. The front and back cover photos MUST be hi-resolution in order to retain their 'crisp, clear' quality. The FRONT COVER should fit an 8-1/2" wide x 11" long area (portrait style). Because of the current layout of the front cover with the blue bars at the top and bottom of the page, the actual focus of the photo should fit in an 8-1/2" wide x 7-1/4" long area (in the center of the page).

The BACK COVER photo has no obstructions like the front cover; therefore, the back cover photo should be landscape style and fit 8-1/2" wide x 6" long.

And, of course, all front and back cover photos <u>must be in full</u> <u>color</u>.

As everyone knows, change is good for everyone...even NCCC  $\,$ 

members. However, when it comes to NCCC members changing addresses, it is very important that ALL members keep your mailing addresses up-to-date in the NCCC membership database at all times, because the NCCC membership database generates the mailing list for each issue *Blue Bars*. Governors, please remind your club members of the following deadlines for updating the NCCC membership database prior to printing and distributing each issue of *Blue Bars*:

October 21, 2012 (for the Fall 2012 issue) December 21, 2012 (for the Winter 2013 issue) March 21, 2013 (for the Spring 2013 issue) June 21, 2013 (for the Summer 2013 issue)

If you have an interest in writing Corvette-related technical articles for *Blue Bars*, either on an issue-by-issue basis or on a full-time basis, please contact me at <u>BlueBars@corvettesnccc.org</u>.

The deadline for submitting items for each issue of *Blue Bars* is shown on page ?? of this issue. Please keep in mind that submitting items by the deadline does not guarantee placement in the next issue of *Blue Bars*. I use a continuous checklist where I add items in chronological order (as I receive them) for items such as articles, front and back cover photos. I continue to stress that all emails sent for *Blue Bars* should have **BLUE BARS** in the subject line.

Have a question about *Blue Bars*? I'm only a phone call or mouse click away. Contact me.

## **MEETING DATES**

Listed below are the meeting dates for the 2013 and 2014 National Governors' Meetings at the Sheraton West Port (not the Chalet) in St. Louis, MO. This will allow you to plan ahead. For reservations, call (314) 878-1500.

> National Meeting Hotel Reservation Form Is available on the NCCC website.

> > November 9-10, 2012

February 22-23, 2013 April 26-27, 2013 Annual Meeting during Convention Week September 13-14, 2013 November 8-9, 2013

February 21-22, 2014 April 25-26, 2014 Annual Meeting during Convention Week September 12-13, 2014 November 7-8, 2014

## From the Director of Sponsorship

Seems like just yesterday when we were enjoying the fun of the 53<sup>rd</sup> Annual NCCC Convention in cool, balmy Topeka, Kansas. Did I say cool and balmy? Must have been sprinkled with some of the "Dorothy powder" as that was definitely not the record-setting temperature weather that we experienced that week. However, the weather did not affect the spirit of the attendees as they

enjoyed the hard work of the West Region members during hospitality, tour, competitive events, meals, and parties, during the week. Special thanks are extended to all of the West Region members for planning the event and then making sure a "good time was had by all"- for both the registrants and sponsors.

The special things added to each convention would not be possible without the assistance of our sponsors who provide support each year in a variety of ways. Our sponsorship help was as follows: **Mid America Motorworks** sponsored the Competitor's Awards Dinner; **Corvette Central** sponsored the concours; **Michelin North America** sponsored the rallye and provided support from Bibendum; **MIS Insurance Group** sponsored the increasingly popular valve cover races; **Zip Products** sponsored the funkhana; **Kumho Tires** sponsored our tech and high speed event; **Goodyear Tire and Rubber** sponsored our low speed event; **Harchelroad Motors, Inc.** sponsored the record drags; **Paragon Corvette Reproductions** sponsored registration materials; and **Corvette America, Southerncarparts.com,** and **Hagerty Insurance** were general sponsors. We had great participation from

local sponsors with the help of Larry Beebe and Linda Siecgrist and we appreciate the support of: **Bozarth Chevrolet** for sponsoring the Saturday night party and Military Salute: **Mike's Corvette and Auto** for assisting with door prizes; and **Visit Topeka and Core First Bank and Trust** for their support as general sponsors.

We greatly appreciate the help and support that all of these companies provided and I sincerely hope that you show your support by purchasing their products.

We had a special guest at Convention, Barbara Armbruster, Corvette Program Manager. She attended the first weekend of activities and was able to visit with some of our members. She gave a presentation on the "happenings" with the 2013 model and within Corvette/GM but she takes her "sworn to secrecy vows" very seriously and did not provide any hints about the 2014 model.

Show time is starting for the Director of Sponsorship as we enter into late summer/ early fall and there are many big activities that I will be attending. The Corvettes at Carlisle, the NCM Labor Day Weekend and Hall of Fame Dinner, and Mid America Motorworks Funfest will keep me busy during that time. These events are great opportunities for NCCC to promote our organization to a large group of Corvette enthusiasts, as well as make some business contacts that hopefully want to become involved with our organization. The advertising and promotion of NCCC is vital for our growth. Flyers about NCCC will be part of the goody bags for Carlisle and Funfest. We will be promoting FCOA, NCCC Convention, and our Charity raffle car as well, so this is a great outreach for these aspects of NCCC and an opportunity for non-members to learn more about our organization.

Ray deQuintal, our contact with Excel Credit Union, attended the convention and many were able to learn more about their company. They are listed on the Discounts for Members page and I hope you take the opportunity to check out this page on the web site. The Sears discount program has had a good response in the past so if you need appliances, tools, or even gift cards, Jim Cattrall can help you with these items. We have received a rebate from Allied Van Lines and I am always hopeful that more of you will sign up for the NCCC credit card that offers rebates back to you and NCCC. Nationwide Auto Transport will move your car for you at a special price.

Motorbooks Publishing is offering a special discount to NCCC clubs on the new Randy Leffingwell book, <u>CORVETTE SIXTY</u> <u>YEARS</u>. If your club would like to make a group order and receive a 35% discount, you need to order 10 books. The cost of the book is \$50 so, with the discount, the cost is \$32.50 plus shipping. The discount can apply to any 10 books that Motorbooks sells, not just the Randy Leffingwell book. One club member should contact Wes Eisenschenk at 612-344-8199 or <u>weisenschenk@quaysidepub.com</u>, order the books, and have them delivered to one address. Please let me know if you have questions.

I hope you have had a great summer, enjoying your Corvette and your Corvette buddies. That is such an important part of our NCCC life and fun!!

Summer 2012

## FCOA MEMBER #4800 ~~ TYLER

Tyler became FCOA's 4800th member in April, 2012 when the application sent in by his grandparents landed in FCOA's mailbox at just the right time. Also included with Tyler's application was one for his younger sister Trinity (FCOA #4799) and his cousin Jaliil (FCOA #4801). Arriving a little later was one for his cousin Lauryn (FCOA #4853). All four new FCOA members have had a great vacation spending the whole summer in Tennessee with their grandparents. Their grandparents, Virgil and MJ, have been members of Nashville Corvette Club in the Southeast Region for 5 years. Virgil was NCC's 2011 Shiner Chairman in charge of its annual Touch of Gold car show which had 120 cars participating.

Tyler celebrated his 12th birthday in March and will soon be in sixth grade where his favorite subject is social studies. When he's not playing football or swimming, you will probably find Tyler playing video games. His favorite color is blue and he also really likes his Xbox 360 a lot but sure doesn't want any broccoli on his dinner plate.

Tyler has a lot of fun riding in his grand-dad's 2006 Monterey Red coupe that's dressed up with its custom steering wheel and chrome & carbon fiber under its hood. He also enjoys going to car shows where he likes looking at all the cars. Sometimes he can see Vettes like his grand-dad used to own ('59 Roman Red, '62 Tuxedo Black, '66 427ci,425hp burgundy & '68 Safari Yellow convertibles and '96 black & 2002 red coupes). As you can see from this picture, Tyler is already very happy to be in the driver's seat of grand-dad's 2006 coupe!

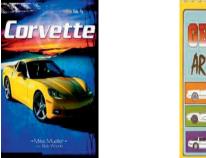

## Congratulations, Tyler, for being FCOA member #4800!

In 2004, the Northern Virginia Corvette Club (NVCC) developed a driver's education course for newly minted drivers – drivers with less than one year's experience. This training was developed to help reduce the number of deaths and injuries in this age group. The training had five separate components. The first component was a classroom session to present the physics of car control. The second component was a car care session that demonstrated how to perform basic safety checks on their vehicle. The third component was a slalom course that reinforced basic seating position, hand position, eye position and maneuvering the car through a pre-defined course. The fourth component was an emergency braking exercise in which students were encouraged to engage the anti-lock braking system and stop the vehicle within a predefined area. The final component was on a skid pad to teach students how to recognize understeer and oversteer and correct them effectively.

From the beginning, it was NVCC's intent for other Corvette clubs to offer this type of training. In 2012, NVCC is realizing this objective. Bill Sangrey is the East Region Chairperson responsible for the promotion of this education. Bill successfully led the first training session outside of Virginia at Carlisle Pennsylvania in May of this year. NVCC instructors were on hand to train other instructors within the region prior to this offering. Seven different Corvette clubs from the region participated in this training. After the NVCC training session in April, their efforts were recognized in the *Washington Post* and the *Carlisle Sentinel* reviewed the Carlisle training session. The Bel Air Corvette Club (BACC) is planning on offering additional training during the fall of this year.

Vehicle accidents are the single greatest cause of death for the age group to which this training is offered. There are over 3,000 traffic-related deaths for this age group annually and 100 times as many vehicle-related injuries treated in hospital emergency rooms for this age group. The East Region hopes this training will help reduce the number of teen deaths and injuries.

The East Region salutes NVCC for their pioneering effort and thanks to all of the instructors and workers from the East Region who made this training possible. This demonstrates what can be accomplished by close collaboration with members of multiple Corvette clubs.

Joe Vasta, East Region RE

The clubs of the East Region have again had a good winter and spring adding 175 new and late renewal members. Many of the new members have stopped by or entered East Region sanctioned events and have been so impressed with their experiences at these, their next step was to attend the club meetings and then become club and NCCC members. We greatly appreciate their enthusiasm and have welcomed them into our "Corvette Family."

Several of our East Region clubs again this season are hosting one-day multiple-sanction events: Concours-PC shows, rallyes and, of course, low-speed and high-speed autocrosses.

A multiple gimmick rallye that also includes a few high/low card chance sanctions is a wonderful opportunity if you're "feeling lucky" or have a really talented driver-navigator team. East Region members several years ago remember fondly, but with a bit of envy, as Joyce Angell and her daughter, Shannon, would repeatedly come in first in just about every rallye. If you saw a red Z06 already parked at the restaurant at the end of the rallye, Joyce and Shannon of Corvette Annapolis (ER-372) probably beat you.

The East Region's USA-1 Corvette Club in State College, PA, will host two multiple-sanction Concours-PC events this competition season. Their second multiple-event show will be held at the Pennsylvania Military Museum in Boalsburg, PA. The museum highlights the contributions of Pennsylvanians who have served in the US military. The museum offers lectures on military topics and hosts re-enactments of military battles and encampments. Not only can NCCC members enjoy a great car show on the grounds of the museum but, can also learn about contributions of our nation's military men and women.

Another great time for East Region members to get out and see "everything Corvette" is by going to "Corvettes at Carlisle." It is three days of nothing but Corvettes, warm August temperatures, the wonderful smells of French fries wafting through the air, and thousands of Corvette owners and those who want to be Corvette owners looking for that great deal on Corvette parts and accessories or another Corvette to add to their garage.

Who knows, while at Carlisle, we just might have sold you that winning ticket for the National Kidney Foundation raffle car when you stopped by to see NCCC's Debbie Lindsey and the East Region volunteers at the NKF/NCCC tent. Be sure to remember the wonderful folks of the East Region when you are driving around in that new Corvette next year.

Get your Corvette out and enjoy the competition, the fun, and your NCCC friends.

Steve Johnson, East Region RMD

### Member Spotlight

2012 is in full swing in the EAST. We have a great year, full of competition and overall good times. With over 200 events scheduled, we stand to have some major competition this year. The current top club is Corvette Annapolis, followed by USA-1 CC, Tri-County Vettes, G-Burg Vettes and Corvette Club of America.

In the men's and ladies division top 5, we have:

Peter Grau, GBV 1

5.

- Darlis Coble, CPCC Albert Wojciechowski, CPCC 2. Bonnie Serfass, YCV
- 3. Rick Serfass, TCV 4. Don Emmons, GBV

James Wynne Jr, GBV

Dee Neal, TCV Karen Brickner, CPCC Terry Pearl-Grau, GBV

Join us at Corvettes at Carlisle for the largest Corvette show in the East....or spend some time at the shore or in the mountains where there are plenty of clubs waiting to show their hospitality. Our website has all the information you need to have some fun in the East. www. ernccc.org

We also look forward to the fruits of labor from the RCD committee regarding a national competition system. Each region, though tied together with NCCC, does a few things differently. As our competition manual is the same from one coast to the other, so should the way we handle our event process. Using the newest technology, one of our RCD's is developing a way to accomplish this. Stay tuned for more as this unfolds.

Take, "Save the Wave" one step farther and actually shake a hand.

Brian Gallagher, East Region RCD

Captain E. Kay Alexander, Nurse Corps, was born and raised near Morton, Illinois. She graduated from the Methodist Hospital School of Nursing in Peoria, Illinois in 1974. She was commissioned as Lieutenant Junior Grade in 1982 and attended Officer Indoctrination School in New Port, Rhode Island.

She began her career on active duty as a Nurse Corps Officer at Portsmouth Naval Hospital in the Neuro ICU, Adult and Pediatric Intensive Care Unit and Emergency Department. In 1986 she was transferred overseas to Naval Hospital Guam where she served for two years as Assistant Nurse Manager and Nurse Manager of the Intensive Care Unit. Captain Alexander transferred to the Ready Reserves in 1988 and completed her Bachelor of Science and Master of Science Degrees. Her Navy Reserve assignments include: Staff Nurse, Training Officer Fleet Hospital 23 Minneapolis in the Peoria, Illinois Detachment; Staff Nurse, Naval Hospital Great Lakes in Columbus, Ohio; five years as Officer in Charge Fleet Hospital Great Lakes Detachments; Officer in Charge of the Ecuador MEDRETE Humanitarian Mission and Senior Nurse Executive, Operational Health Support Unit Great Lakes.

Captain Alexander was recalled to Active Duty in October 2006 and was deployed to Landstuhl Army Regional Medical Center at Landstuhl, Germany in support of Operation Enduring Freedom and Operation Iraqi Freedom serving as Senior Nurse and Nurse Manager of the Deployed Warrior Medical Management Center. The mission was to prepare for the aero-medical transport of wounded and ill Sailors, Marines, Soldiers , Airmen , Coast Guardsman and civilians from the combat zone to be transported to Landstuhl, Germany and then to the Continental U.S. She returned from Active Duty November 2007 and then served as the Executive Officer, Operational Health Support Unit, Camp Lejeune from Dec 2008 through Nov 2010 in her Naval Reserve assignment. Alexander is authorized to wear the Navy and Marine Corps Commendation Medal (4 awards), Army Commendation Medal, Navy Achievement Medal and various service medals and unit awards.

Captain Alexander's civilian position is Nurse Manager, Ambulatory Care Specialty Clinics, VA Medical Center Cleveland Ohio.

#### Hi Gang,

I hope everyone is having a good summer, enjoying the weather and your Corvette friends and family. It has been a hot summer so far and don't think that will change anytime soon. We have had some autocrosses and a couple of concours so far this year but, with the weather so hot, it is almost unbearable to be outside.

If you would like to have another Regional party to give out our

2012 Florida Region awards, let me know if your club would like to host it. We can give you details on what is needed. This is something I would like to see the Region do on a regular basis. It is a little work but, as you could tell, if you attended our last Regional party, we had a GREAT time. Let's do it again.

If your club is not attending our quarterly Florida Regional NCCC meetings, please have a representative there from your club. Each club could pay gas expenses as many clubs do already. This is only once every three months and it is on a Sunday morning at 10:00 am. This way you will have a say so (vote) on what goes on in your Region. Don't you want your club represented?

There are many NCCC clubs in the Florida Region that do not sponsor any events like concours, rallyes, autocrosses, etc. Doing this is a great way to meet new Corvette enthusiasts, develop new friends and relationships and also have a lot of fun. You can pick and choose when and where you want to do an event. If you are concerned that you don't know enough about doing an autocross or concours or any other type of event, contact me and we can work together to help your club make it a success. You can also make your club some money doing this. I would really like to see every club in our Region put on at least one event during our calendar year.

Hoping to Vette Together With You Soooooon!!!!!!

Glenn Hutchinson, Florida Region RE

## **INDIANA REGION:**

RE..Jim Walton, <u>jwaltonin@hotmail.com</u>, 10255 Westfield, Indianapolis, IN 46280, RCD..Mike Godfrey, <u>NCCCRACER@aol.com</u>, 68294 US 31S, Lakeville, IN 46536-9739, 574-784-2991

RMD..Dick Runyan, <u>zrlduck@hotmail.com</u>, 3708 Marchfield Pl, Fort Wayne, IN 46804-2630, 260-432-1878

I expect this issue of *Blue Bars* will be arriving at you home about the 1<sup>st</sup> of September and I'm happy to report the state of the Region remains healthy in terms of membership and finances; we are truly blessed with a great clubs with enthusiastic governors. All the governors work hard to put on great events for our members and do and excellent job of representing the Indiana Region, really a great team. As of the writing of this article, Putnam Park, Circle City and Corvette Indy autocross events have been completed. We had a fantastic regional banquet and, as usual, the Hoosier CC did an outstanding job with the Spring Fling.

This year the IR Region Banquet was again hosted by the Anderson Corvette Association in Anderson, IN and they did a great job of organizing the event. There was a good turnout, but I definitely wished for more participation from all the clubs in the Region. It was good to catch up with everyone while we all enjoyed great food and drink. Recognition was given to 2011 competitors and workers with awards and jackets for those that had earned 200 points or more. The 2011 Indiana Lady's Champion, Barbara Parker; the 2011 Men's Champion, Michael Godfrey; and the Fort Wayne Corvette CC were honored as top Indiana Region competitors for 2010.

The Indiana Region is very generous to its members when it comes to letting members participating in receiving the Free 200 Club jacket each year. In order to receive the jacket with your name, Region logo and "200 Club," basically, you have to earn 200 points in the year. If you are a competitor, you earn National and Regional Points as outlined in the NCCC Competition Manual. But, if you are a worker, the Indiana Region bumps up the National points from two to five for each Region event. OK, why is this so important? Because if you work 40 events (that's just three 14-event weekends), you've earned a jacket. The Region does this to encourage members to get involved and work Region events. It makes coming to the Region banquet a lot more fun knowing that you're going to get an award (jacket). With the remaining events, there's a good chance you still have the opportunity to receive a jacket. If you have questions, contact me or your club governor.

I would like to bring you attention to one special event the Region hosts every year, "Super September." This is a Region event and used to fund many of the activities in the Region. We are always in need of workers and your help would be greatly appreciated. The remaining events for the Region:

One last thought...I have always thought that we do an adequate job of recruiting new members. But last month, we had the opportunity to visit a Western Kentucky non-NCCC club and present the benefits of NCCC. Now the thing that stuck in my mine was that this club was formed in January 2012 and, as of June, had 60 members. To me, this shows there is a huge untapped market out there of people wanting to join Corvette Organizations but not knowing how to get started, which is where we can help. If you know non-NCCC clubs or individuals who would like to start a club, please send them our way. We will be happy to work with clubs that want to join NCCC, help someone start a new NCCC club or direct them to an existing club to join. Ideas on membership recruitment are always welcome.

Corvettes are meant to be enjoyed!

Jim Walton, Indiana Region RE

### In this Article

- Regional News
- Windy City Corvettes earns the coveted Duntov award and wins the 2012 NCCC Charity raffle Corvette

- Blue Bars Articles and MWR Club Newsletters
- 2012 and 2013 Convention
- Regional Competition Director Report

The 2012 season is in full swing in the Midwest Region. There were fewer NCCC events earlier in the year than in the past but there are now events scheduled most every weekend through October. There is plenty of fun and competitive Corvette activities ahead of us in 2012 and you can find these listed on our region's web site at <u>http://www.mwregion.com/</u>.

One of our long time regional members, John Hibbeler of Central IL CC, suffered a major loss this summer when his garage burned and he lost his Corvettes, other vehicles and his entire history of Corvette and NCCC memorabilia. Thankfully, John was unharmed but he did lose many irreplaceable items. A number of members from his club and others in the MWR have been reaching out to him to help in a variety of ways and this just goes to illustrate how NCCC'ers care for each other and come to each other's aid. We wish John the best in dealing with this situation.

#### Windy City Corvettes is presented with the Duntov Performance award and then wins the 2012 NCCC Charity Raffle Corvette

Only three other clubs (our own Northern Illinois CC, Tiretown and Cornhusker) have previously earned the coveted Duntov Performance award in NCCC history. It is a great accomplishment and our congratulations go to all Windy City Corvettes members on this achievement.

Within minutes of receiving the Duntov award Windy City Corvettes then won the 2012 NCCC Charity Raffle Corvette from their 100% Club charity ticket purchase. Patrick Dolan reported that during his time as Director of Charity, this was the first time (in 18 years) that the Corvette winner was in attendance when the winning ticket was drawn. It was an exciting moment for all in the Convention Banquet room.

### Blue Bars Articles and MWR Club Newsletters

I receive a number of the clubs newsletters each month and have to compliment each for their creative newsletters and great articles. Newsletters are the life-blood of an organization's communications and therefore are extremely important to keep members informed of activities and what is available for them in our Corvette world. We should be very proud of the newsletters produced in the region and I would encourage you to send printed copies to Pat Clark, 50866 Counry Knolls Dr., Granger, IN 46530 and electronic copies to Pat Shearer, <u>WShearer001@</u> <u>cfl.r.com</u>, our Blue Bars editors, as they continually look for potential *Blue Bars* stories.

### 2012 Convention in Topeka, KS and 2013 Convention in Bowling Green, KY

We had a great turnout of Midwest Region members at the 2012 Convention in Topeka, KS. Our members were well represented from a variety of clubs and also were very successful in competitive events, winning a number of top honors. Convention results are listed elsewhere in this issue but I would like to specifically recognize Judy Randall of Suburban Corvette of Minnesota, as Ladies Top Eliminator and Overall Top Eliminator in the Record Drags, Steve Salefsky of Badger State Vettes, as Men's Top Eliminator in the Bracket Drags and Jim Thomas of Mad City Vettes as Men's Top Eliminator in the Record Drags and setting the Men's 2G Drag Record. Dale and Carolyn Samuelson of Northern Illinois CC also won the Concours Best of Show. These were just a few of the Midwest Region winners. My compliments to Larry Beebe, Linda Siecgrist and the entire West Region for a job well done.

2013 Convention will be chaired, as it was in 2001, by members/clubs from around the country. Windy City Corvettes will be hosting games and we will be asking other MWR members to consider playing lead roles when Convention moves to Bowling Green, KY in 2013. It should be great fun.

#### <u>Epilog</u>

2012 is proving to be a very busy year in the Midwest Region from NCCC events to great social and charity focused activities. There is something for every Corvette owner to do in the Midwest Region. We are very fortunate to have such creative and energetic members in our region. You all make it a lot of fun to be in this hobby. I ended my last article with a Words of Wisdom quote and thought I would find another: "One of the things you can give and will not cost you any money is Friendship." How true that is.

#### Larry Pagliaro: MWR-RE@mwregion.com

### Competition News

With 10 events per club, the Midwest Calendar is very full. There is something to do every available weekend through October. And there are many non-sanctioned events to participate in. My thanks to the Governor's and Chairpersons who have turned in event results, waivers, and head tax payments promptly.

#### The Social Side of Competition

It has been nice to see everyone again at the regions event. Almost all events have a social get-together afterwards to catch up with old friends and make new ones. Whether you race, Rallye, or show your car, it is the social side that adds value to the weekend, especially the parking lot and house parties.

### The FAA, IDOT, and Airport use.

New regulations on the non-aviation use of airport are in effect for 2012. A 90-day filing deadline and IDOT approval in Illinois has increased the work necessary to hold events at an airport. Some airports simply do not want the hassle, or risk losing grant monies. Approval has been just weeks before an event is to be run. Approval was denied at Galesburg airport due to IDOT concerns and this site was lost. For clubs who host events at airports, we need to keep an eye on this issue.

### The Competition Rulebook

Nothing hurts us more than turning away a competitor because he/she does not comply with our rules. While we often encourage participation, we do not always inform members of common problems that will not allow them to pass tech at an event. Experienced members

need to seek out and talk with those willing to try competing at an event and help them be prepared. There is only one chance to make a good first impression, and we should not waste that chance.

I encourage all competitors, veteran or novice, to read the rulebook on the type of event in which they wish to compete. It is readily available on <u>www.corvettesnccc.org</u>.

#### Event Workers

We could not conduct our events with workers. It is time our region honored the top members who just come out to work events. I hope to have a plan ready for consideration at the September Regional meeting.

Bill Docherty: MWR-RCD@mwregion.com

## NORTHEAST REGION:

RE..Ray Schafer, rayschaferjr@gmail.com, 185 Colgate Ave, Buffalo, NY 14220-2117, 716-826-5264

RCD..Brian Gallagher, <u>brian@z06racng.com</u>, 1378 Bush Rd, Cresco, PA 18326, 570-619-4144

RMD..Debbie Schafer, <u>debbieaschafer@gmail.com</u>, 185 Colgate Ave, Buffalo, NY 14220-2117, 716-826-5264

Greetings from the wild weather northeast...Mother Nature has been dealing out some different cards up here. Everyone is coping and making the best of it. Bay State and Tri-Vettes are tallying up their scores as Southern Tier prepares for their upcoming speed events. Adirondack and Corvettes of Buffalo are making final checks for their major shows for the year. Vermont CC has been busy participating in local venues and arranging plans to make Corvettes at Carlisle. Some members from Buffalo made Convention and came home with awards. Congratulations! The season is really HEATING UP and BLAZING into the future. Try to stay COOL and SAVE THE WAVE!

Ray Shafer, Northeast RE

2012 is alive and well in the Northeast Region. The current top club is Southern Tier CC with 274 points, followed by Tri-Vettes LTD with 77 points.

In the men's and ladies division Top 5, we have:

- 1. Richard Lapcevich STCC 42 pts
- 2. Ray Sawdy STCC 40 pts
- 3. Bill Dearborn STCC 38
- 4. Arthur Venne TVL 28
- 5. Brian Secore STCC 28
- 1. Kathy Lapcevich STCC
- 2. Cherly Sawdy STCC
- 3. Jeannette Bromirski TVL

We had a quad Low Speed Auto-X in July hosted by Southern Tier and a single in August. September brings us two double autocrosses hosted by Bay State.

We have some of the best country roads on which to enjoy your

Corvette. Getting here would be half the fun...so come out and have the other half of your FUN with us!

Look for more information on the NCCC website under Northeast Region.

Brian Gallagher, NE RCD

## **ROADRUNNER REGION:**

RE..Debi Hamersly, <u>paulseleven@yahoo.com</u>, 19655 N. 35<sup>th</sup> Pl, Phoenix, AZ 85050-3939, 602-388-4677 RCD..Paul Hamersly, <u>lt4ce@yahoo.com</u>, 19655 N. 35<sup>th</sup> Pl, Phoenix, AZ 85050-3939, 602-388-4677 RMD..Ron Scott, <u>RScottLT1@aol.com</u>, 6908 Barber Pl NE, Albuquerque, NM 87109-2754, 505-883-4387

As you read this, the hot Roadrunner Region summer will be mostly behind us. That means that our competition season will have resumed. Unlike many of our other NCCC regions, we do not put our beloved Corvettes on jack stands during the winter months, but it is the summer months that preclude many of our events. Yes, we have air conditioning, but it is very difficult to do anything other than open road driving in the oppressive heat. It is simply too hot to stand or sit around at a car show or autocross venue, and the stop and go of a rallye is not fun in the heat either. That's our curse but remember, we do not have to shovel heat!

This is not to say that we do nothing in the summer. Some Corvetters tolerate some heat to have fun with their friends. Tucson CC held their annual Memorial Day weekend with a car show, rallye, two autocrosses, drags, and a matching times AX. This is a great weekend. The only problem is that too few region members made the easy trip to Tucson. Too bad, because they missed a lot of fun. CC of Arizona held five autocrosses in the much cooler 6,300' elevation of Taylor, AZ where we could all escape from the heat for a weekend. Again, too bad only two dozen Corvetters made the trip for a fantastic weekend of racing and camaraderie. Kudos to CCA! This was CCA's first ever autocross. With a bit of assistance from Arizona Competition Corvettes, CCA did a *terrific* job! We look forward to more.

The Roadrunner Region will have a wide variety of events during the final quarter of 2012. We have 13 clubs in Roadrunner, but only five have hosted events this year. I challenge the other eight Region clubs to each put on an event this year. Get involved, build relations with other Corvetters, and share in the fun!

My wife and I are fortunate to live in Phoenix, which is home to more Corvettes than almost any other metropolitan area in the U.S. Why are there so few in our Region clubs? I challenge each of our NCCC members to reach out and make time to talk to other Corvette drivers they encounter. Tell them about our car shows, rallyes, autocrosses and other events that we share with our friends. Get your whole club involved – it's like taking the "wave" and extending it into an embrace to a potential new friend. Show them that NCCC has something for everyone!

Do you want to see your club in *Blue Bars*? Write an article about your club and its contributions to the Corvette experience and submit it today.

Events and results: <u>WWW.NCCCROADRUNNER.COM</u>

Paul Hamersly, Roadrunner RCD

## **ROCKY MOUNTAIN REGION:**

RE..Pete Urenda, <u>rowdy68@comcast.net</u>, 15854 E. 10<sup>th</sup> Pl, Aurora, CO 80011-7307, 303-739-9515

RCD..Walt Jenkins, <u>waltjenkins@comcast.net</u>, 320 Furrow Way, Monument, CO 80132, 719-302-5472

RMD..Ellouise Morrison, <u>GramaRP@aol.com</u>, 492 Meadowlark Way, Clifton, CO 81520-8877, 970-434-5120

As I write this article I wish the best for all the people in Colorado. We have had a good and bad summer. The bad: the fires in Colorado, but we will come out of this stronger. The good: The Rocky Mountain Region has had a great year of competition. There has been a big selection of events for the competitors to choose from, and I hope that we can attract more entrants for all the events we put on. The more we have, the more fun we can have.

I have seen many new faces at the Rocky Mountain events and I hope this will continue. The summer seems to go by too fast, so let's stretch it as far as we can. Bring a new Corvette owner to the next event and show them a good time!

See you soon.

Pete Urenda, Rocky Mountain RE

## SOUTHEAST REGION:

RE..John McGee, <u>suefmcge@bellsouth.net</u>, 6505 Hickory Ridge Rd, Lebanon, TN 37090-8296, 615-444-4486 RCD..Don Parks, <u>89PARK@BELLSOUTH.NET</u>, 120 Pullman Tr, Roswell, GA 30075-3054, 770-993-0271

RMD..Amelia Workman, <u>makeshark72@bellsouth.net</u>, 305 Haywood Lane, Nashville, TN 37211-5424, 615-832-9641

Growth in the Southeast Region is continuing in 2012. By midyear, we have gained over 200 members within our 17 clubs. The top three clubs in membership size are East Tennessee Corvette Club (263 members), Nashville Corvette Club (262 members) and Corvette Atlanta (94 members).

With early events in Huntsville, AL; Gallatin, TN and the first 21 events for the SE in about 25 years, and with another 21 on the books for Labor Day at Pellissippi (Knoxville, TN), we are off to a fun-filled year. Without the help of Clubs donating their sanctions, we would not be able to enjoy the friendship that comes with being a member of NCCC.

Mark your calendar and plan to be busy in the fall – 84 events! The schedule includes September 1-3 (21 low speeds in Knoxville, TN), September 29 (3 rallyes starting in Dandridge, TN), October 6-7 (14 low speeds in Gallatin, TN), October 13-14 (14 low speeds in Knoxville, TN), November 3-4 (14 low speeds in Huntsville, AL), November 23-25 (4 high speeds in conjunction with 6 high speeds from Florida Region at Roebling Road Raceway near Savannah, GA), and finally December 1-2 (14 low speeds in Huntsville, AL). Check the calendar on the web for the latest events and flyers.

Remember – if you want your club included in this section, please submit articles to one of us. Save the Wave!! John McGee, RE Don Parks, RCD Amelia Workman, RMD Betty Parks, RS/RT

### Special edition from John McGee:

WOW!!!! What a summer! In early May, I was offered to do a "bucket-list" trip out west but could not see the possibility of putting Convention into the equation. Too much to see and so little time!! The Black Hills, Rushmore, Crazy Horse, North Dakota, Montana, Wyoming, Utah, Colorado. Now I know why the Rocky Mountain Region folks like their area!! While on the road, Betty Parks called and asked me to stop by Topeka for the Friday banquet and I agreed, if possible. With all the fires, we cut the trip two days short and headed to Topeka.

At the Banquet, Pat Dolan, our newest member of the Corvette Museum Hall of Fame, announced that Keeton Johnson, granddaughter of Barbara & Zeke Jenkins of Valley Vettes in Huntsville, AL had won the Sue McGee memorial scholarship and was going to Auburn. Next he announced that Daniel McFall of the East TN CC had won the Judy Yanko scholarship and will be attending UT. Go Orange! With the Region winning two scholarships, I felt like we had hit the lottery. Little did I know that Betty had a method to her madness getting me to Convention. At the end of the awards, NCCC President Hal Bellamy called me up to accept the President's award. I never expected an honor to this degree. Thirteen states, 18 days, 3,635.5 miles, two scholarships and the President's award!!!

### **Regional Spotlights:**

#### Middle Tennessee CC Hosts First Annual "Cruise into Lynchburg"

Despite the much-needed rain, the first annual Cruise into Lynchburg took place Saturday, July 14, hosted by the recently celebrated one-year-old Middle Tennessee Corvette Club (MTCC). The crowd enjoyed the event with over 65 Corvettes registered. Intermittent showers caused participants to close up their "Vettes" for protection from the rain, but the sun would soon be out shining again and so would the enthusiasts. The Cruise-in brought guests in from Pensacola, FL, Atlanta, Huntsville, Memphis, Knoxville and even one enthusiast drove two blocks from his home in Lynchburg.

There was plenty of time to make new friends and find out about upcoming events. Representatives from the National Corvette Museum provided a booth with special Corvette items for sale. The Vette-Nutts who specialize in Corvette renovation and retail sales of Corvette parts were there to offer their services. Music played by a local DJ entertained everyone while food was provided by the Gondola Restaurant of Tullahoma. Joe Blanton was on hand to take photos of all the cars and their owners. Visitors were given the opportunity to tour the Jack Daniel Distillery and visit the many shops while in Lynchburg.

Club members, Stan McNabb and son, Trent, with McNabb Chevrolet of Tullahoma, provided a 2013 Corvette ZO6 convertible for everyone to enjoy and possibly dream of owning. In addition, there were two 1959 Corvette convertibles to view, along with a 2010 ZR1 and a 2012 Grand Sport Centennial Edition.

At the conclusion of a silent auction, club president, Harry Brittain, auctioned off a special Single Barrel bottle of Jack Daniel that was signed by Master Distiller, Jeff Arnett. Over \$500 in donations and proceeds that were received will go to benefit the local Five Loaves 4 Kids charity.

Event chairman, Eddie Smith and his committee were commended for doing a great job in planning and executing the club's first event. "We hope to have everyone come back to an even bigger event next year," Brittain said. "We're already starting to make plans."

The 53rd Annual NCCC Convention hosted by the West Region has come and gone! And, "YES," Toto -- we had a great time!! We were able to gather a large portion of our Southwest Region attendees for the group picture you see above. We had altogether around 50+ attendees. Some folks competed; many just came for the time to be around folks who enjoyed their cars and the fellowship. Ron and I

Members from across the nation are hosting the 54<sup>th</sup> NCCC Convention in Bowling Green, KY, June 24-28, 2013; so plan on attending, you'll be glad you did.

This year's NCCC Contest Winners have been selected and announced. The following are Southwest Region clubs and members receiving awards at Convention 2012.

NCCC Website winners – Cowtown Vettes was selected for the top honor, #1 in the Nation, Webmaster – Doug McMahan. In 3<sup>rd</sup> Place – Cen-Tex CC, Webmaster, Richard Finley. Joan Thomas also stated that she is looking for volunteers from membership across the nation to be on next year's selection committee. Send her an email thru the NCCC Website. No person on the committee will serve more than one year and any club earning the top honor will not participate the following year.

NCCC Newsletter winners – Cowtown Vettes *Low-Down*, Editor, Jo Anne Smith, placed #2 in the nation. Longhorn CC's BULLetin was #7; Editor, Lucy Medrano. Congratulations to those members who got behind the challenge, adding articles to support their club editors and entries. The Newsletter Selection committee comes from the RE committee and will change from year to year.

On both the Website and Newsletter Contests, be looking for contest information after the first of the year on the NCCC website.

Southwest Region clubs receiving 100% Recognition Plaques were Cowtown Vettes, CC of Texas, Oklahoma City CC, Tin Hall Toys and North Texas Vettes. NCCC supports the National Kidney Foundation as our national charity. The clubs mentioned above earned this recognition by purchasing the same number of tickets as they have club members. The raffle car winner is announced at Convention each year. For the first time in 32 years, the winner was sitting in the room that night – Members of Windy City Corvettes from the Midwest Region.

\$1,000 in National Scholarship monies is given each year to selected students. The Scholarship opportunity is supported thru NCCC clubs, individual membership and corporate friends, such as Mid America Motorworks. Receiving scholarships from the Southwest Region are Ellese Bakenhus, daughter of Robert and Amy Bakenhus from San Jacinto CC and Andrianna Sharp, daughter of John Sharp, Member-at-Large.

The National Council of Corvette Clubs Past Presidents' Award was initiated in 2003. It is intended to recognize the efforts of those who may not have been previously honored on the national level. The award was based on involvement in NCCC at the club, regional, and national level. This year Ron and I were the 2012 recipients of the Past Presidents' Award, presented by Jerry Britner. Ron and I were "totally blown away" and most appreciative to receive this award. When we returned home, Ryan, our 8-year-old grandson, wanted to put the award on his shelf with his models in "their" room at our home; we settled on the den! This is a family memory that will not be forgotten. Ron and I both know that there are many members who have helped us along the way on our NCCC journey and we thank you.

Each year Southwest Region Clubs give Region members the opportunity to receive scholarship monies by donating to the Larry Kolb Southwest Region NCCC Memorial Scholarship Program. Our seven scholarship recipients are: Stephanie Middleton and Mahalia Reed, Cowtown Vettes; Sean Borremans, San Jacinto CC; Amber Barrett, Raquel Burgess, and Donna Onley, Oklahoma City CC and Andrianna Sharp, Member-at-Large. Thank you to all the clubs within our Region who support our scholarship program!

I'd like to welcome our newest club in the SW Region, Space City CC from the Houston area. Their first function as an NCCC club was to host their Annual St. Jude Fundraiser. They had over 110 Corvettes on display, fed several hundred people and raised over \$12,000 for St. Jude. Congratulations!

Fall starts our NCCC club membership drive, along with local club governor elections. Not quite sure how a governor represents their membership? Attend your Region's Governors Meeting. Look forward to seeing you there.

#### Jeannie Ruston, SW RE

## WEST REGION:

RE..Jon Manz, <u>immanz@msn.com</u>, 110 Oakmont Circle, Papillion, NE 68133-3390, 402-597-3554

RCD. Jerry Koraleski, <u>kor-vette@co.net</u>, 5130 S. 50<sup>th</sup> St, Omaha, NE 68117-1929, 402-734-1646

RMD..Bob Bowen, <u>rbowen@mchsi.com</u>, 1210 A Ave, Marion, IA 52302-4221, 319-377-1829

Absolutely Outstanding! This describes what a fine job the West Region did as hosts of the 54th Annual NCCC Convention. From registration to the last competitive event, it was flawless. It was said that it could not be done but, under the leadership of Convention Director, Larry Beebe, and Co-Director, Linda Seicgrist, it was truly a job well done. Thank you to all of the chair people and everyone who pitched in to help make it the success that it was. Congratulations to all of the competition winners who received plaques. Congratulations to the Cornhusker CC for being the #1 club in NCCC and receiving the Convention Participation Award. Congratulations to the CC of Iowa for being the #7th club in NCCC, as well as winning the Newsletter Contest for the 4<sup>th</sup> year in a row. Also, important to note, the Muscatine CC was 27th in NCCC; Cedar Rapids CC, 30th; and Mid America CC was 44<sup>th</sup>. The West Region had a total of 35 members, men and women combined, in the top 100 point standings for 2011. Congratulations to all!

The 2012 competition season is well underway. At this point, there

are over 75 events left in the West Region. If you are not interested in competing, that is okay. It is not for everyone. Come out and support your fellow club members. There is always a need for volunteers to work at the events. After the event, make a social of it. At the end of the day, we all have two things in common. We love our Corvettes and we are members of the most outstanding Region in NCCC, the West Region!

Jon Manz, West Region RE

Well, the 2012 NCCC Convention is now history. The West Region clubs and their members did a great job in putting on a fun and entertaining convention. There were things to do for everyone. If you missed it, I'm sorry, because you missed a lot and it was in your own region. A big thank you is due all the West Region clubs and their members who helped put on the event, thank you all of you.

We are now in the heat of the summer and by the time you read this the West Region events will be winding down as we roll into the fall. Get out and enjoy some of the events and meet some new friends and renew old friendships.

Don't forget to sign up your children, grandchildren, nieces, and nephews in FCOA. Applications are in *Blue Bars* and on the NCCC website.

NCCC and West Region scholarships are available so make sure you have your children or grandchildren apply. This year, Abby Brown, daughter of Corvette Club of Iowa member Darren Brown, was an NCCC scholarship winner. Abby was one of 12 to get a \$1000 scholarship from NCCC. Congratulations, Abby, on a job well done and good luck at Iowa State University, Go Cyclones!!

Have a safe and fun fall season while enjoying your Corvettes. Take care,

Bob Bowen, West Region RMD

## WEST COAST REGION:

RCD. Joe Orrico, joe@hkaconsulting.com, 1845 Monrovia Ave, #56, Costa Mesa, CA 92627, 949-650-6769

RMD..Cliff Harris, <u>cliff harris@earthlink.net</u>, P. O. Box 3310, Anaheim, CA 92803-3310, 714-535-6704

RT..Ellis Chee, C5CPE99@hotmail.com, 1420 Cresta Loma Dr., Fallbrook, CA 920028-8128, 760-728-4611

RS..Cindy Orrico, 1845 Monrovia Ave, #56, Costa Mesa, CA 92627, 949-650-6769

Welcome to a great organization made up of members who know how to enjoy life and have fun with their Corvette. .

Cliff Harris, our RMD, noted that the Membership Committee continues to work on ways to reduce costs to help keep the NCCC budget balanced. New members are the best way to balance the budget. A big bonus for the clubs is that new members are usually the most enthusiastic and are the ones who fill club offices. They bring new ideas, such as places to go, etc. New members find clubs through the

Internet, so it is a good idea to make sure your club has a web site with all the club information on it. Cliff has also noted that this year we have seen a dramatic increase in both the number of new members and the number of old members who have now rejoined. The overall membership numbers are much higher than they have been for the last several years; we should go over the 18,000 number by renewal time this year.

Welcome back to Family and Friends CC and Color Country Corvettes. When you see a member from one of these clubs at an event, be sure to tell them "Welcome back."

The West Coast Competition year is well underway. Corvettes West April car show was successful as it is every year. We had a great time on the new road course in Santa Maria by Vapor Trails Vettes, followed up at the end of month with Corvettes of Temecula Valley car show. May started out strong with two shows put on by Corvettes of San Diego. The end of the month, Corvette Super Sports put on a Speed Event for the weekend at Pahrump, NV.

The Region looks forward to more events at Spring Mountain. (MORE ON THIS LATER). June started out with the Victor Valley Vettes car show on Saturday and Sunday O C Vettes were at Huntington Beach with their annual Concours D'Elegance held at a class act setting. The next weekend was the Vette Set car show and was, as usual, a great show put on by a club that has been doing it for over 35 years. Next, the Antelope Valley car show and Rallyes were a tremendous success. Car shows are the hit of the year.

The National Convention was held in Topeka, KS with great representation from the West Coast Region. Scott and Marilyn Davis (Wild West) won 2nd with their '63 in the People's Choice car show. Charlie Perry (Vapor Trails) and Allen Morris (Newport Harbor Corvettes) each took 4<sup>th</sup> in their autocross class. Curtis Richmond (IEC) took 2nd in the Golf Tournament. Joe Orrico (Corvette Super Sports) and Allen Morris (Newport Harbor) were judged Best of Show for the Concours event. The table decorations by Cindy Orrico and Marilyn Davis looked great once again. We came in 2nd but, without Cindy and Marilyn doing it all, we would not have anything and they really do go all out to make the region look good at Conventions. We CAME IN FIRST IN THE WINE TASTING COMPETITION, the last event of the week,. Again, this was a Cindy and Marilyn production. Way to go, ladies. The Newsletter winners were announced and Antelope Valley CC was 3rd, Corvettes of Temecula Valley was 4th and Corvettes Super Sport was 6th. CONGRATULATIONS TO THESE CLUBS. Maybe we will have more clubs in the competition next year.

Big Bear Bash turned out to be a great event with twice as many people as last year. With great food and sponsors, it made BBB the place to be after Convention. Corvettes West did a great job for the 30<sup>th</sup> year and running.

If your club puts on an event and you want to share the fun, do not keep it a secret. It only takes an email message or a flyer sent to the West Coast Region Webmaster, Cliff Harris, to get your event on the regional calendar. You will meet great people who share your interests, like the Corvette and fun. If you want to put on a more serious event, like a car show or rallye, get in touch with Joe "ZR 1" Orrico, our Regional Competition Director, for information on how to do it. With only a little guidance from Joe, you can do it. Remember that

Blue Bars

NCCC is a national organization. We are not the only region having fun. Check out the messages from the other regions and maybe you will get an idea for a great event that your club can do.

The West Coast has been on its own for 25 years and next year (2013) on **APRIL 4 -7** the WEST COAST REGION is hosting a regional event. We discussed it at the May Regional Meeting and it was a go with eight clubs stepping up to head up an event that weekend. We will race on Friday the 5<sup>th</sup> at Spring Mountain Race Track in Pahrump, NV. The host hotel will be in Las Vegas. The Region will be putting on a car show, rallyes, and driving-the-track Friday for everyone who signs up in the morning and, if you get enough time in, you may be able to get your license for the afternoon time trials. Thursday there will be a Welcome Party, by your regional officers, and all will have a good time.

All of your regional officers look forward to seeing you at future events.

Save the Wave!

Your regional officers, <u>Allen Morris, RE</u> Joe Orrico, RCD Cliff Harris, RMD Ellis Chee, RT Cindy Orrico, RS

# About the Back Cover

# AIR CAPITAL CORVETTE CLUB HISTORY

Air Capital Corvette Club of Wichita, KS celebrated its 45th anniversary in 2011.

The club was the idea of a young Army soldier named Gene Brown who returned home from the service in 1962. He soon got a job with the city of Wichita and set out to fulfill his dream of owning a Corvette. His first Corvette was a red 1960.

Wanting to share his love of Corvettes with other enthusiasts, he searched for a club to join to promote the Corvette as a sports car, but was disappointed that there was no Corvette club in Kansas' largest city. He found there had been a club known as the "Corvette Club of Kansas" but it had folded. Not to be deterred Gene set out to find other Corvette owners. He noticed a Corvette just around the corner from where he lived. He contacted that owner who was Jerry Salter and they struck up a friendship. Both men shared the same interest in forming a club and with their wives, Marcene and Stephanie, they passed out flyers inviting other Corvette owners to join with them. The men contacted Quality Chevrolet, a Wichita dealership, who agreed to let the club meet on their premises the first and third Thursdays of each month. The idea became a reality, and during that summer of 1966 Air Capital Corvette Club was formed.

The club name "Air Capital Corvette Club" (ACCC) was selected because Wichita manufactured over half the commercial and private aircraft in the United States and had the nickname of the "Air Capital." The first organizational meeting had about 20 people show up. Kent and Louise Michael attended that meeting and continue to hold the longest membership in the club. Kent is still an active board member. Gene Brown was elected president at that meeting and he and Marcene are now active members after taking a few

years off for racing. Jerry Salter was elected Vice-President but is no longer affiliated with the club. After 45 years of life's changes, it seems remarkable that the club can boast two couples who were its original members.

The club dues were set at \$5 a year. ACCC was formed in the spirit of camaraderie, enjoyment of the Corvettes and autocross racing. A paraphrased excerpt from an early letter of invitation stated, "Take a good look at how you can profit by joining our group. We do activities like speed events, Corvette Corrals, Road Rallies, Socials, Films, Discussions, Picnics, and Convoy Tours as well as form lasting friendships." One of the first activities was an autocross race held at a drag strip. The members cut up old tires to be used for cones on the course. The racing soon moved to a go-cart track in the area. The club originally joined NCCC but elected to join the Western States Corvette Council (WSCC) in 71 because of its geographic location as a western state. In addition to autocross racing, early

Blue Bars

66

activities included trips to the Western States convention in Las Vegas, a tour of the factory in St Louis, and a visit to drive the track at the Indianapolis Speedway. ACCC hosted the 10th annual WSCC convention in 1975 but by 1985 decided to rejoin NCCC.

Although the club has been sponsored by Don Hattan Chevrolet for over 30 years, we outgrew those accommodations. We now have109 family memberships, the largest to date and have recently moved to larger accommodations at Davis-Moore Chevrolet where we meet on the first Wednesday of each month. As the club has matured and members have gotten older, interests have changed. Although some members continue to be active in autocross, it no longer is the primary interest of the club. Our members are quick to share knowledge and help each other troubleshoot problems. Primary activities are cruises to car shows in surrounding states, Drive & Eats once a month, an annual Funkhana and lots of opportunities for fun and socialization. The desire to socialize has not changed in these 45 years.

Currently all members own at least one Corvette with many members owning several. All vintage of Corvettes from C1s to C6s; coupes, roadsters, ZO6s and a ZR1are represented among our membership.

The 45th anniversary was celebrated with a Bar B Q dinner and Show and Shine. Everyone sported their sapphire blue 45th anniversary shirts and planned what we can possibly do for the next 45 years! Former members attended to spark and renew old friendships.

That original invitation was correct when it stated Air Capital Corvette Club allows members to form "lasting friendships."

# Tiretown CC 1961-2011 Simply the Best!

The journey of 50 years was celebrated in July of 2011. For eight hours the events were relived, the pictures and movies were viewed, and the many awards were displayed. A 118 page booklet summarized those 50 years and a DVD compiled many of the photographic memories. This one page story will not do justice to the enjoyment that the over 500 people that have belonged to this great club have enjoyed.

A few Corvette "nuts" got together at a VFW bar back in 1961 and decided that forming a Corvette club would be a good thing. They could not have foreseen how good it was going to be. A couple of those "nuts" are still active in the club today. That year NCCC was also forming and TTCC decided to become part of that organization.

Competition has always been a big part of this club and NCCC. The car that we are enjoying IS known for its performance. TTCC has had some competitors and by 1967 TTCC won its first National Championship followed by a second in 1969. In 1968 the National men's and ladies champions were from TTCC and again in 1969 the men's champion was from TTCC. Over the last fifty years TTCC has gathered up ten of those National championships (1967, 1969, 1993, 1994, 1995, 1996, 2000, 2003, 2004, 2006) and 12 of the top men's and ladies spots plus 80 of the other individual national awards that were given.

TTCC also has won the East Ohio Regional championship twenty times with too many individual regional awards to mention. Numerous track records at many of the high speed venues that we run are held by TTCC members. Even a couple of NCCC drag records have been set by TTCC members over the years.

As one would expect, TTCC also knows how to put on these events. The biggest was the 1987 Convention in Columbus, OH. With the help of Corvette Troy from West Ohio, we believe that this was one of the best conventions ever held. Another big event for TTCC was the annual Mid Ohio high speed event that was held for 20 years at one of the most challenging and beautiful road courses in the country. Always a good time until the cost of the track became unbearable.

TTCC has been accused of being a "racing club" but this club does know how to PARTY. Very few "racing" events go by without some sort of celebration by the TTCC participants. In the early days members would go to the Sebring sports car races to party. As children were born, an annual family picnic became the norm. The holidays were usually celebrated with some kind of party. At the end of each year the annual banquet was again a celebration of the year's achievements and member's contributions.

The club also knows how to give back. One of our past members, Roger Clancy, was instrumental in getting NCCC interested in supporting the Spina Bifida organization. NCCC's charity efforts have grown a lot since then. TTCC's own efforts for achieving the purposes and ideals of the NCCC were honored with the Duntov Award in 1999.

Individual members have made contributions to NCCC as President, VP Competition, Secretary, Treasurer, Business manager, Director of Charity, Public Relations, Convention director and Convention treasurer. Numerous regional offices have also been held by TTCC members.

Overall, it has been a good run. Second and third generation members are now in charge of the club and the future looks bright. The "old farts" are socializing at lunch now that they are "retired", but the young guns better be on their game when these "old farts" dust off their toys and bring them out to play.

*Article written by John Taube, TTCC, and submitted by Peg Quine, TTCC.*
