

NCCC PRESIDENT MESSAGE

March 2016

Welcome to the NCCC Web Site, warm weather and spring. If you are a guest to our web site or a current member please take a look around the site as things are changing every day.

Something new was discovered at the Board of Governors meeting in St. Louis on February 27th, 2016. Over the years many members have selected to “opt out” of receiving anything from NCCC sponsors that might be offered to our members. In December of 2015 one sponsor sent to members who had NOT “opted out” a really nice 2016 calendar with pictures of many NCCC members, clubs, and Corvettes.

Ecklers has offered to repeat with a 2017 calendar. The membership address data base has been reset so that everyone will receive the 2017 calendar this winter. If for some reason you do not wish to receive this item or any other sponsor items that might be sent to our membership, please contact your club Governor who can “opt” you out.

In 2015 NCCC decided to stop our charity support of National Kidney Foundation. At the April 23rd Governors meeting a vote will be taken to decide between three charities which one to support going forward with the NCCC raffle program to win a certificate for a new Corvette or cash. The three charities are Shriners Hospital for Children, St. Jude Research Hospital, and Lions Club International. All three are very well known charities and do much to help others.

I also will be appointing a new Director of Charity at the April meeting. If you are interested in this position, please fill out the application on the Web Site under “Officers--Appointed Officers---Director of Charity” and submit to me by April 15th, 2016. The Elected NCCC board can then review all the applications and present to the Governors a new Director.

Starting this month I have asked NCCC Business Manager Jack Wilson to write an article about the NCCC Insurance Program and all the benefits and protection NCCC receives. NCCC Vice President of Competition Dale Samuelson will write a report next month as the competition program gets under way for 2016. Look for a new report from every Elected Officer each month throughout the year.

Thank you all for being members of NCCC. This is your club, your organization, and you all make it the great club it is. If ever there is something of a concern, please contact me or one of the officers. We are here to serve YOU!

Dave Heinemann
President NCCC

NCCC Business Manager Report March 2016

Just like the insurance protection we require for ourselves in our daily lives, for our home, health, vehicles, miscellaneous personal property, and additional umbrella policies, NCCC Inc. requires similar protection for our assets.

NCCC Inc. has three key assets it must have insurance protection for: the members, our financial assets, and the venues where we have our events held. Without having adequate insurance protection, we could not successfully operate.

We have five major policies:

1. General Liability Policy to cover the venues physical property that may incur damage
2. Umbrella Policy to provide additional coverage for all NCCC members over the General Liability Policy
3. Participant Accident Policy to provide a secondary AD&D and Medical policy to the injured party individual's personal health care plan. The individual's personal health plan coverage will be the first to cover.
4. Crime Policy covers only Elected & Appointed NCCC Executive Board Officers for employee theft, forgery, computer & funds transfer fraud to protect our assets.
5. Director & Officer Policy (D&O) Covers all National, Regional, & Club Officers against law suits.

We, again, are fortunate for 2016 to have Legacy Insurance Agency as our agent that has done an outstanding job arranging well known U.S. insurance providers to provide these coverages. All of our policies are negotiated and done on an annual basis from Jan 1 thru Dec 31.

Premiums are paid out of the NCCC Insurance Budget which comes from everyone's membership dues. Therefore, the cost of our policies are based on what our total membership is and not on what each individual has or does as in our personal everyday coverages. We have an outstanding insurance program for NCCC to protect our key assets.

Our NCCC Website you can access at corvettesnccc.org and go to the Insurance tab and click. Then scroll to the various topics and read more details about our Insurance Program. One necessary key topic to stay up to date on is the FAQs. These are Frequently Asked Questions that will identify what is and is not covered, Certificate of Insurance requirements, general waiver & release form information, notice of claim form and accident claim form information, and Contacts regarding our insurance.

Our Insurance program is designed specifically for the protection of all NCCC members only and is there in case we need it. We have been most fortunate to have rarely needed it. That is primarily due to our NCCC members being consciously aware of the necessity of safety and conducting themselves in a professional and ethical manner.

Thank you all for being a part of NCCC Inc.

Jack C. Wilson
NCCC Business Manger
