Dear Media Motor Show Guest:

Welcome to our Tenth Annual *Hemmings Motor News* Media Motor Show!

We're looking forward to updating you on the collector-car hobby, and are sure you'll enjoy seeing live samples of Dave Brownell's "sleeper list." As in past years, we'll also enjoy a round robin Ride-&-Drive in an interesting assortment of *Hemmings Motor News* special cars and trucks along with catching up on car talk since we last met.

Please join us at 5 pm tonight at our *Hemmings* Sunoco Filling Station, 216 Main Street. We'll load up there and ride out to our "Hemmings West" offices in our newly acquired 1967 Bristol "London double-decker" bus for cocktails and hors d'oeuvres while we renew acquaintances and meet new folks who share our love of the automobile.

About 7 pm we'll return by double-decker for dinner in the former "Sibley Machine Shop," our vehicle storage area, at our new "*Hemmings East*" offices, 222 Main Street, and then hear Bob Grossman share stories about his career in racing and the automobile industry.

Vermont has gotten increasingly strict about enforcing driving-while-intoxicated laws. **We will be more than happy to pick you up at your lodgings about 4:45 pm and return you to your inn after dinner, if you wish to enjoy the wines we've selected for dinner.** Please call Jane at extension 567 to put your name on this list. (Transportation will be by *HMN* staff in appropriate vintage vehicles.)

We'll meet on Friday morning at 9 am out at "*Hemmings West*" for a continuation of good car conversation, updates, awards to our Hobby Heroes, and then the annual Ride-&-Drive. A continental breakfast and buffet lunch will be available under the tent.

We're glad you're here. If you need anything not immediately at hand, ask any of the *HMN* Staff and they'll be happy to oblige.

With best wishes,
sincerely,

A handwritten signature in black ink, appearing to read "Terry Ehrich".

P.S. Please humor us by wearing your name tag this evening and tomorrow — many of us have not previously met each other, and others (like me) have memories which are good, but short.
